

All-Season Convertible Wagon

(45K22.12)

The following instructions were provided by the manufacturer.

Tools Required:

- 1/2" wrench
- Flat screwdriver
- 3/4" wrench

Assembly Instructions

Figure 1

Unpack your new wagon from the box. It should look like **Figure 1**.

Figure 2

Slide the spacer onto the wagon axle as shown in **Figure 2**.

Figure 3

Slide the tire or ski and the washer onto the wagon axle as shown in **Figure 3**.

Figure 4

Thread the nut onto the end of the wagon axle and tighten with a wrench.

Figure 5

Insert the handle components and insert the bolt through the handle to secure it as shown in **Figure 5**. Tighten the bolt. Congratulations! Your wagon is now ready for use.
