

A Guide to Your HMSA Care Options

Save time and money

by choosing the right care. Remember that emergency room visits are expensive and aren't necessary for illnesses or injuries that aren't life threatening.

Use this guide to help you get the right care when you need it.

Primary care provider

See your primary care provider (PCP) for routine and common medical issues like fever, minor symptoms of the flu or a cold, chronic condition management, medication refills, or general care.

HMSA's Online Care®

Connect with doctors and specialists online from anywhere in Hawaii, 24 hours a day, seven days a week. There's no copayment for Online Care visits.

Use Online Care when your PCP isn't available.

Urgent care providers

Go to an urgent care provider when you need care in person sooner than you can see your doctor.

For example, you need stitches or have a high fever or sprained ankle.

Emergency room

Go to the emergency room when you have life-threatening symptoms.

For example, you have difficulty breathing or chest pain.
