### Driving safety tips

The standard Australian Road Rules apply in the Northern Territory. Please ensure you stick to the speed limit at all times, always wear a seatbelt and be respectful of other road users. Most of the main roads in the Northern Territory are in good condition and suitable for all vehicle types. Large road trains are common on main Territory roads. When driving remotely, please ensure you have the required **permits**, enough fuel and appropriate recovery equipment specific for the area you are travelling to. For more information on how to keep safe on NT roads please visit: [nt.gov.au/driving/safety](http://nt.gov.au/driving/safety)

### Mobile network coverage

Most built up areas throughout the Northern Territory have **mobile network coverage**, however if you are travelling remotely (i.e. Kakadu National Park or Kings Canyon in Watarrka National Park), you may not have full service at all times.

There are **Wi-Fi hotspots** located at some of the more remote tourist sites in the Northern Territory. Make sure to upload your favourite road trip moments to Facebook or Instagram at these locations and tag **#NTAustralia**.

### Personal safety

It's important to remember that no matter what time of year it is, to always keep hydrated, wear a hat, be sun smart and dress to the conditions.

Always tell someone where you're going.

For further detailed information visit: [northernterritory.com/plan/useful-information/safety-information](http://northernterritory.com/plan/useful-information/safety-information)

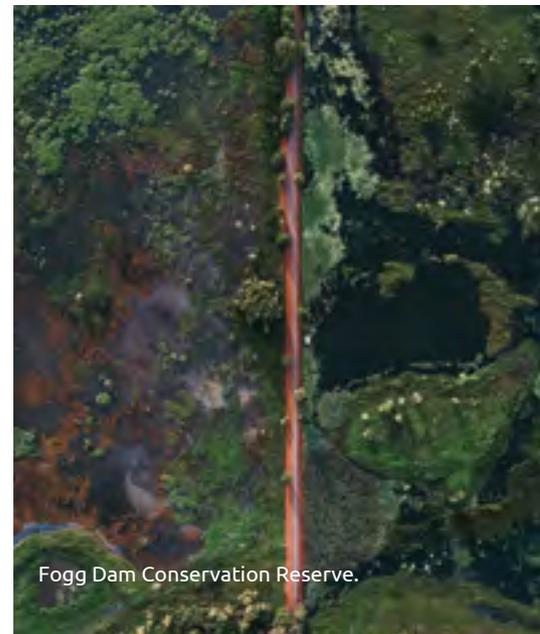

Saltwater crocodiles are large (up to 5 metres in length) and extremely dangerous predators. They will see you long before you see them. Many Top End waterholes could contain saltwater crocodiles. You should not swim or enter any waterway unless it is sign posted as safe to do so.

### NT/QLD border to King Ash Bay & Borroloola

Welcome to the Northern Territory! Get ready to have some of the best experiences you've ever had on a road trip. As you enter the NT, make sure you stop by Borroloola to stock up on some supplies and then head out to King Ash Bay for your first stop. A quaint little fishing 'village' nestled alongside McArthur River, is the perfect base for some great Barra and blue water fishing. Before you wet a line, make sure you are registered for **Million Dollar Fish**. A yearly competition, where a Barramundi

is specially tagged and worth \$1million dollars for the lucky angler. Season is from 1 Oct - 31 Mar.

Optional add on: If fishing doesn't pique your interest, there are a couple of family-owned stations to check out – Manangoora or Seven Emu. Both offer self-sufficient 4WDers exclusive camping spots. We recommend you phone ahead to ensure access and availability.

### DAY THREE AND FOUR

#### Borroloola to Lorella Springs

It's not every day that you drive through the magnificent country of the gulf, so we highly recommend you take the detour if you have a 4WD to explore **Lorella Springs Wilderness Park**. Lorella Springs is a privately owned one-million acre cattle station and wilderness sanctuary. Surrounded by Limmen National Park, Aboriginal land and kilometres of Northern Territory coastline, Lorella truly is a piece of Australia you need to see.

The road into Lorella can be reached by most vehicles including caravans and campers – but just ring ahead to make sure.

### DAY FIVE AND SIX

#### Lorella Springs to Limmen National Park or Daly Waters

This section of the drive route provides you with a choice. Depending on the set up of your vehicle there is an off-road or on-road option. If you are geared for some 4WDing, we highly recommend you keep heading north out of Lorella Springs.

Option one: Head towards the Limmen River and travel through some amazing country to explore the Southern Lost City and bush camp at places like Butterfly Springs, Limmen Crossing and Towns River. There are also some fishing and boating opportunities throughout this area, but please remember to Be Crocwise as estuarine (saltwater) crocodiles are present in these areas.

Option two: From Lorella, head south back towards the Carpentaria Highway and continue travelling west back on the smooth bitumen for a few hours. It is roughly four hours easy driving until Daly Waters. The **Daly Waters Pub** is an iconic stop along the route. Not only is it a great place to grab an icy cold beverage and a hot meal, you can wander around and check out the remarkable collection of momento's left by visitors over the years.
