## About your Tour Leader

### Tour leader

On this trip you will be accompanied by one of our tour leaders. The aim of the tour leader is to take the hassle out of your travels and to help you have the best trip possible.

Your leader will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the places visited on the trip, including historical, cultural, religious and social aspects. We aim to support local guides who have specialised knowledge of the regions we visit. If you were interested in delving deeper into the local culture at a specific site or location then your leader can recommend a local guide service in most of the main destinations of your trip.
