THE INTREPID DIFFERENCE

Our foundation empowers Intrepid travellers to make a real impact in the communities they visit.

Small group travel. It's a way to see the world in the company of good people and connect with stories along the way. It's exploring far-flung places without worrying about logistics. And the best hidden spots? Your Intrepid leader will show you Australia like you've never seen before.

SMALL GROUPS, BIG EXPERIENCES

Get the feeling of travelling with new friends in a small group on the road less travelled. Our Aussie trips have an average size of just ten people – making it easier to explore hard to reach places.

OVER 35 YEARS OF ADVENTURE

It all started in 1989 when two friends from Melbourne wanted to change how people travelled the world for the better. Since then, we've been running small group trips in over 100 countries.

RESPONSIBLE TRAVEL IS WHERE IT'S AT

We've always been about giving back and running our trips in a way that respects local people and places. Our B Corp certification recognises our commitment to using business as a force for good.

LOCALS KNOW BEST

Our leaders are genuinely connected to the places we visit and the people we meet. Thanks to their insider knowledge, they'll be able to show you the best of Australia.

AUSSIE ADVENTURES

As an Australian-founded company, we've always cared about showcasing our backyard in a way that respects the places we visit, and we work closely with local experts and friends all over the country.

Certified B Corporation

We're a certified B Corporation™.

The B stands for 'benefit' and refers to the way we benefit our workers, the community and the environment.

It's a formal certification that recognises our commitment to doing better.

Teaming up with First Nations communities

This incredible country is home to one of the oldest living cultures in the world. We work closely with First Nations-owned businesses, so travellers can learn from and connect with cultures, traditions and history.

Travel for all types

From the essentials to more creature comforts, we've got all bases covered with three different trip styles (Basix, Original and Comfort) and themes (walking and trekking, family and overland trips) that cover almost everywhere.

Sit back and switch off

Travel has the power to connect people from all over. When you're on the road with us, our job is to sort the logistics. And your job? Enjoy the ride with like-minded travellers.

Get more out of your travels

There are plenty of secrets waiting to be uncovered in your own backyard. The big 'wow' moments, like seeing Uluru, are as special as meeting friendly faces in remote towns and hearing their stories.

Committed to Reconciliation

Wherever we travel, we're on First Peoples' land. We recognise the unique place held by First Nations people as the original custodians of the lands and waterways across the globe and support the continuation of cultural, spiritual and educational practices.

Aboriginal and Torres Strait Islander peoples should be aware that this document may contain images, quotes, references and names of deceased persons.

SPEND THE NIGHT AT BUNGLE BUNGLES CAMP

If you're looking for a trip between October and April, set your sights on Victoria, Tasmania or Kangaroo Island. Free to travel year-round? Check out the East Coast and the southern corner of Western Australia.

Driving durations

Australia is really huge (seriously). That means getting from A to B could involve long hours of driving through remote areas. All you can do? Sit back, enjoy the view and think of it as a chance to get to know your fellow travellers.

Some of the longer drives include:

- 4.5 hours from Alice Springs to Yulara (Uluru)
- 4 hours from Darwin to Kakadu
- 9 hours from Adelaide to Coober Pedy
