Key Features

8.1 Megapixels for stunning prints as large as 16 x 20 inches

3x Optical Zoom-Nikkor Glass Lens – high-quality optics provide exceptional images

VR Optical Image Stabilization minimizes the effect of camera shake

Huge, Bright 3.0-inch High Resolution LCD offers 160° wide-angle of view, making it easy to share your pictures

Slim, Stylish, All-Metal Design slips right into your shirt pocket or purse!

Auto adjusts up to ISO 1600 – keep shooting, even in low light

One-Touch Portrait Button automatically activates In-Camera Red-Eye Fix™ and Face-Priority AF to create stunning portraits

Pictmotion creates in-camera slide shows with your music

COOLPIX® STYLE

VR Optical Image Stabilization

without vibration reduction

with vibration reduction

Make camera shake a thing of the past. Incorporating highly effective optical VR image stabilization into its slim, compact dimensions, the COOLPIX S51 produces sharper, more satisfactory shots.

ISO 1600 Capability
What's more, high sensitivity up to ISO 1600 creates new opportunities to take sharper, more natural looking photos in lower lighting conditions.

VR image stabilization

Better pictures in lower light

3.0-inch LCD monitor

Mode Button

Huge, Bright 3.0" LCD Monitor for high visibility in daylight
A large, bright LCD monitor makes it a cinch to compose shots and play them back anywhere. Thanks to its wide 160-degree viewing angle, it's easy for everyone to gather round and see. And with the advantage of an anti-reflection coating, it allows images to be seen clearly even in direct sunlight.

Wave-surface design

Less than 0.8" thick

Not only does the COOLPIX S51 have the power to take simply stunning pictures, but it's also exceptionally elegant. Its eye-catching wave-surface design sets a high standard for quality throughout the camera, while its smooth curves and beautiful finish blend operational ease with stylish sophistication.

Pictmotion™

photos • music • effects

Pictmotion lets users select 200 favorite images, and movies, then combine them with music (5 pieces pre-installed, 10 pieces loadable) and visual styles to create an entertaining audiovisual show for enjoyment anywhere. Now offering VGA quality, Pictmotion offers even clearer display when viewed through TV output.
*Via COOLPIX Software Suite (included) for Windows only

In-camera slideshow with music

## Nikon In-Camera Innovations Makes taking great pictures easy!

In-Camera Red-EyeFix™ This in-camera feature automatically fixes most typical occurrences of red-eye.

D-Lighting
Compensates for underexposed images or insufficient flash by automatically adding light and detail to selected shots where needed, without affecting properly exposed areas.

Simply better portraits

One-touch portrait button take satisfaction further Add a touch of genius to your photography. A handy standalone button provides easy, direct access to three unique Nikon image innovations – Face-priority AF* finds and focuses on up to 5 faces, In-Camera Red-Eye Fix for better flash photography, and D-Lighting that corrects exposure after the fact.
*Face recognition capability may be limited in some shooting conditions.

COOLPIX® S51
