5. Control person and beneficial equity owners

To help the government fight financial crime, Federal regulation requires us to obtain, verify, and record information about the “Beneficial Owners” of business applicants. Businesses can be abused to disguise involvement in terrorist financing, money laundering, tax evasion, corruption, fraud, and other financial crimes. Requiring the disclosure of key individuals who own or control a legal entity (i.e., the beneficial owners) helps law enforcement investigate and prosecute these crimes.

As defined by relevant Federal regulation, “Beneficial Owners” are:

- (1) an individual with significant responsibility for managing the business (for example, a Chief Executive Officer, Chief Financial Officer, Chief Operating Officer, Managing Member, General Partner, President, Vice President, Treasurer, or any other individual who regularly performs similar functions), and
- (2) individuals that directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise, own 25% or more of the business.

For purposes of completing this application, the individual who satisfies (1) above is the “Control Person” and the individuals, if any, who satisfy (2) above are the “Beneficial Equity Owners”.

The number of individuals that satisfy the government’s definition of “Beneficial Owner” may vary. Under Section 5b, depending on the factual circumstances, up to four Beneficial Equity Owners (but as few as zero) may need to be identified. Regardless of the number of Beneficial Equity Owners identified under Section 5b, you must provide the identifying information of the one Control Person under Section 5a. It is possible that in some circumstances the same individual might be identified under both sections (for example, the President of Acme, Inc. who also holds a 30% equity interest). Therefore, to complete this Section 5, you must provide the identifying information of at least one individual under Section 5a, and up to five individuals in total (that is, the one Control Person under Section 5a and up to four Beneficial Equity Owners that directly or indirectly own 25% or more of the business under Section 5b).

We may ask to see a copy of a valid, unexpired driver’s license or other identifying document for each Beneficial Owner listed on this application.

1. EverBank, N.A. is an FDIC insured national bank. The standard FDIC insurance limit of \$250,000 applies per depositor, per insured depository institution for each account ownership category. FDIC insurance covers against loss due to the failure of the institution, but not due to fluctuations in currency values. Due to the nature and volatility of the foreign exchange market, the values of currencies are subject to wide fluctuations against the U.S. dollar. Foreign currency denominated instruments will entail significant risk exposure to adverse movements of the foreign currency relative to the U.S. dollar. The amount of deposit insurance available for products denominated in foreign currency will be determined and paid in the United States dollar equivalent of the foreign currency, as the value of such currency is determined by the FDIC under its regulations, on the institution's date of default. You can lose money, including principal, due to currency fluctuations. Please only deposit money that you can afford to risk, and as part of a broadly diversified strategy.
2. WorldCurrency Access Deposit Accounts may be subject to a monthly maintenance fee. Any monthly maintenance fee will be disclosed on the rate sheet or on a separate disclosure that we will provide to you at least 30 days prior to imposing or changing any monthly maintenance fee, and will be charged in the Foreign Currency in which the applicable Access Account is denominated.
3. Accounts opened with foreign currency must meet the U.S. dollar equivalent minimum opening balances.
4. MarketSafe® CDs, if held to the Maturity Date, will have a guaranteed return of the deposited principal ("Principal Protection"). Principal Protection only applies to CDs held to maturity. In the event of EverBank, N.A.'s failure, all of your deposits with EverBank, N.A. (including this MarketSafe CD) will be aggregated and insured by the FDIC up to the \$250,000 maximum. Except in the event of death or adjudication of incompetence of the holder of the MarketSafe CD, you may not withdraw any part of the CD prior to maturity. If you do withdraw early, even if that is due to the death or adjudicated incompetency of the holder of the CD, you will NOT receive Principal Protection and will NOT benefit from any upside potential of the Reference Index, experiencing a loss of principal as an early withdrawal penalty. See the Specific Terms—MarketSafe Certificate of Deposit Accounts section in your Account Terms, Disclosures and Agreements Booklet for more information.

Note: Metals Select products within World Markets portfolios are not FDIC-insured, are not deposits, and may lose value.

10. Agreements and certifications

By signing section 11 or 12, opening or otherwise using an EverBank account, EverBank World Markets or EverBank Metals Select account, I understand and agree that EverBank, National Association ("EverBank") will rely on the veracity and completeness of the information on this application in opening the requested account(s). I hereby certify, to the best of my knowledge, that the information provided in the application and any accompanying documentation, as well as the statements in the Certificate of Authority and Resolution set forth in the Business and Non-Personal Account Terms, Disclosures, and Agreements Booklet, are true, complete, and accurate and that I will promptly notify EverBank of any material change in such information or statements. I agree/understand and certify to EverBank that:

- I have read and agree to be bound by the terms and conditions of the account or services as set forth in the Business and Non-Personal Account Terms, Disclosures and Agreements Booklet, the Deposit Account Fee Schedule, Online Banking Service Agreement, and any other disclosures or addenda related to the accounts or services I have requested on this application, and to which I give my consent to EverBank opening and/or providing, each of which may be amended from time to time.
- I authorize EverBank to obtain verifications on me as an individual, in connection with the account application and any other account applications made by the business, and I acknowledge that EverBank requests this information to help verify individuals' identities, to reduce fraudulent accounts, to prevent access to financial information and accounts by unauthorized persons, and for other legitimate business reasons. Further, I authorize EverBank to communicate either explicitly or implicitly, to any co-applicant and to any co-owner, director, officer, or employee of the business if the information obtained from any such verification or report causes, in whole or in part, EverBank to decide to deny the account application for the business.
- I authorize EverBank to make or have made investigative inquiries it deems appropriate in connection with its determination to open, renew, update, maintain, or collect on the account(s) applied for on this application.
- I understand that EverBank cannot honor any request to require multiple authorized signers for any transaction on any account.

- **I have read the WorldCurrency Account Terms and Conditions and understand that acquiring Foreign Currencies and Currency Exchanges are high risk transactions potentially subject to substantial loss, including the loss of the principal in my account, and that Non-Deliverable Currencies ("NDCs") present higher risk to me than Foreign Currencies from other countries. I represent and agree that I am willing and financially able to undertake these risks, and that I accept these risks and hold EverBank harmless for any losses I may incur as a result of these high-risk transactions. I also agree and understand that the disclosures in this Application are in addition to, and do not replace, the Business and Non-Personal Account Terms, Disclosures and Agreements Booklet for my deposit accounts or any other disclosures that I am provided regarding foreign currency transactions.**
- I understand that my EverBank deposits are insured by the FDIC for up to the standard maximum deposit insurance amount. FDIC insurance covers against loss due to the failure of the institution, but does not insure against any loss in value of my WorldCurrency Account due to Foreign Currency value fluctuations. The amount of FDIC deposit insurance available for a WorldCurrency Account will be determined and paid by the FDIC in the U.S. Dollar equivalent of the Foreign Currency in which the account is denominated. If applicable, the FDIC will determine the U.S. Dollar equivalent value of such Foreign Currency in the manner set forth in the FDIC's regulations as of the date of default. I agree that my decision to open foreign currency denominated accounts is not based upon any advice, recommendation, or suggestion by EverBank. I accept responsibility for and understand that my decisions and bank account strategies are at my sole discretion and risk.

I agree that my decision to invest in precious metals is not based upon any advice, recommendation, or suggestion by EverBank.
