1. EverBank, N.A. is an FDIC insured national bank. The standard FDIC insurance limit of \$250,000 applies per depositor, per insured depository institution for each account ownership category. FDIC insurance covers against loss due to the failure of the institution, but not due to fluctuations in currency values. Due to the nature and volatility of the foreign exchange market, the values of currencies are subject to wide fluctuations against the U.S. dollar. Foreign currency denominated instruments will entail significant risk exposure to adverse movements of the foreign currency relative to the U.S. dollar. The amount of deposit insurance available for products denominated in foreign currency will be determined and paid in the United States dollar equivalent of the foreign currency, as the value of such currency is determined by the FDIC under its regulations, on the institution's date of default. You can lose money, including principal, due to currency fluctuations. Please only deposit money that you can afford to risk, and as part of a broadly diversified strategy.

2. WorldCurrency Access Deposit Accounts may be subject to a monthly maintenance fee. Any monthly maintenance fee will be disclosed on the rate sheet or on a separate disclosure that we will provide to you at least 30 days prior to imposing or changing any monthly maintenance fee, and will be charged in the Foreign Currency in which the applicable Access Account is denominated.

3. Accounts opened with foreign currency must meet the U.S. dollar equivalent minimum opening balances.

6. Agreements and certifications

By signing section 7, opening or otherwise using an EverBank account, EverBank World Markets or EverBank Metals Select account, I understand and agree that EverBank, National Association (“EverBank”) will rely on the veracity and completeness of the information on this application in opening the requested account(s). I hereby certify that the information provided in the application and any accompanying documentation is true, complete, and accurate and that I will notify EverBank of any material change in such information or statements. I agree/understand and certify to EverBank that:

- I have read and agree to be bound by the terms and conditions of the account as set forth in the Personal Account Terms, Disclosures and Agreements Booklet, the Deposit Account Fee Schedule, and any other disclosures or addenda related to the accounts or services I have requested on this application, and to which I give my consent to EverBank opening and/or providing, each of which may be amended from time to time.
- I authorize you to make any credit, employment, or other investigative inquiries you deem appropriate (including, without limitation, obtaining a consumer report) in connection with your determination to open, renew, update, maintain, or collect on my account. I understand that upon my request, EverBank will provide information on whether a consumer report was obtained and the names and addresses of any consumer-reporting agencies that provided such reports.

5. MarketSafe® CDs, if held to the Maturity Date, will have a guaranteed return of the deposited principal (“Principal Protection”). Principal Protection only applies to CDs held to maturity. In the event of EverBank, N.A.’s failure, all of your deposits with EverBank, N.A. (including this MarketSafe CD) will be aggregated and insured by the FDIC up to the \$250,000 maximum. Except in the event of death or adjudication of incompetence of the holder of the MarketSafe CD, you may not withdraw any part of the CD prior to maturity. If you do withdraw early, even if that is due to the death or adjudicated incompetency of the holder of the CD, you will NOT receive Principal Protection and will NOT benefit from any upside potential of the Reference Index, experiencing a loss of principal as an early withdrawal penalty. See the Specific Terms–MarketSafe Certificate of Deposit Accounts section in your Account Terms, Disclosures and Agreements Booklet for more information.

6. Accounts opened with foreign currency must meet the U.S. dollar equivalent minimum opening balances.

7. Metals Select products:

Are Not FDIC Insured	Are Not Bank or Government Guaranteed	Are Not Deposits	May Lose Value
----------------------	---------------------------------------	------------------	----------------

Purchasing or owning metals involves degrees of risk that make them unsuitable for certain individuals. You should carefully consider the suitability of such metals before making any decision. Metals Select transactions will not occur until your account is approved and sufficient funds are available. Please refer to the Specific Terms–Metals Select Accounts section in your Account Terms, Disclosures and Agreements Booklet for additional information.

- I understand that you may report information about my account to credit bureaus. Late payments, missed payments, or other default on my account may be reflected in my credit report. In addition, I understand that I am being notified, as required by law, that a negative credit report reflecting on my credit record may be submitted to a credit reporting agency if I fail to fulfill the terms of any credit obligations I may have to EverBank.
- I understand that all information I supply when applying for an account or requesting new or additional products or services becomes property of EverBank and will not be returned, except as required by law.

By signing section 7, opening or otherwise using an EverBank World Markets account, including without limitation any WorldCurrency Access Deposit Account, WorldCurrency Certificate of Deposit Account, or WorldCurrency CD Basket denominated in a foreign currency, or any, MarketSafe Certificate of Deposit Account, or MarketSafe Cash Account, I agree/understand and certify to EverBank that:

- **I have read the WorldCurrency Account Terms and Conditions and understand that acquiring Foreign Currencies and conducting Currency Exchanges are high risk transactions potentially subject to substantial loss, including the loss of the principal in my account, and that Non-Deliverable Currencies (“NDCs”) present higher risk to me than Foreign Currencies from other countries. I represent and agree that I am willing and financially able to undertake these risks, and that I accept these risks and hold EverBank harmless for any losses I may incur as a result of these high risk transactions. I also agree and understand that the disclosures in this Application are in addition to, and do not replace, the Personal Account Terms, Disclosures and Agreements Booklet for my deposit accounts or any other disclosures that I am provided regarding foreign currency transactions.**
- I understand that my EverBank deposits are insured by the FDIC for up to the standard maximum deposit insurance amount. FDIC insurance covers against loss due to the failure of the institution, but does not insure against any loss in value of my WorldCurrency Account due to Foreign Currency value fluctuations. The amount of FDIC deposit insurance available for a WorldCurrency Account will be determined and paid by the FDIC in the U.S. Dollar equivalent of the Foreign Currency in which the account is denominated. If applicable, the FDIC will determine the U.S. Dollar equivalent value of such Foreign Currency in the manner set forth in the FDIC’s regulations as of the date of default. I agree that my decision to open foreign currency denominated accounts is not based upon any advice, recommendation, or suggestion by EverBank. I accept responsibility for and understand that my decisions and bank account strategies are at my sole discretion and risk.

By signing section 7, opening or otherwise using a non-FDIC Insured EverBank Metals Select account, I agree/understand and certify to EverBank that:

- I understand that EverBank Metals Select products **are not deposits, are not insured by the FDIC, are not bank or government guaranteed, and may lose value. In addition, I understand that EverBank Metals Select products** are subject to significant risk, including the possible loss of principal due to market price movement. Purchasing and owning metals involves degrees of risk that makes it unsuitable for certain individuals. I have carefully considered the suitability of this purchase, and any subsequent purchase or sale that I may make, before making any decision.
- I have read and agree to be bound by the terms and conditions of the requested account(s) as set forth in the EverBank Metals Select Terms and Conditions as may be amended from time to time. I agree that my decision to purchase precious metals is not based upon any advice, recommendation, or suggestion by EverBank. I accept responsibility for and understand that my investment decisions are at my sole discretion and risk.
