

BREXIT INFORMATION

Information on changes in transport & taxes

Definitions

EORI number

Is an identification number that businesses and individuals need in all customs procedures when exchanging information with Customs administrations. Since Jan 1st, 2021, everyone from the EU or Northern Ireland will need an EORI number to trade with the UK. You can find more information and apply for an EORI number [here](#).

DDU (Door to Door Unclear at the destination)

This is a full service and includes export docs, transit docs (if required) and the transport to the destination country. The customer will need to have a local customs agent at the destination for finishing the importation into their country. Ritchie Bros. works with customs agents around the world, so do not hesitate to contact us if you don't have a local customs agent.

Transit Document

If the final destination country is not the first country of arrival in the EU, then the haulier needs to get a Transit document (T1/T2).

Export document (EXA/EXD)

Is the document provided by the UK customs demonstrating that the goods were exported.

Customs Duty

Is a tax imposed on the import and export of goods. If you want to see an example of duty rates, you can find some information [here: https://www.simplyduty.com/import-calculator/](https://www.simplyduty.com/import-calculator/) (please consider these as a guide only, you need to get the exact information from your customs agent, bear in mind that the Brexit deal allows to trade between UK and EU with 0% of duty when the origin is UK/EU).

Trader Support Service (TSS)

If you move goods between Great Britain and Northern Ireland the Trader Support Service will guide you through any changes due to the implementation of the Northern Ireland Protocol.

DUTIES & CUSTOMS

Export docs

The standard fee for this is £70 per trailer. However, the price may vary slightly depending on the packing list (between £40 - £130).

Transit document (T1/T2)

£200 max (if required).

Duty

In some exceptional cases, the customer might need to pay import duties at the destination country. The majority of the construction equipment will pay 0% of duty. You can contact Ritchie Bros. before the auction or contact your local customs agent for the latest information on this.

VAT TREATMENT

UK VAT (20%)

Ritchie Bros. will require the buyer to place a refundable deposit of the UK VAT (20%) before collection of the items ONLY if the customs agent in charge of the UK export docs is not one of our nominated agents. That deposit will be refunded in full after Ritchie Bros. receive a copy of the Export document (EXA/EXD).

VAT at the destination (X%)

Buyers from the EU will need to pay the VAT at the destination when they clear customs there or later if they have deferred VAT & duty payment at their country.

REFURBISHMENT / CLEAN CERTIFICATE

At our new UK facility, we can provide extra services to the buyers.
