

Forest Junction and Union Depot Energy Centers Open House

Wednesday, October 28

5pm - 8pm

*Open house with presentation
starting at 6:30pm*

Location:

Cobblestone Creek Dining & Banquet
740 W Ryan St
Brillion, WI 54110

Invenergy is proposing a natural gas power generation facility on a single site in Calumet County that will create long-term jobs, provide new local revenue, and generate reliable, domestic energy.

Community members are invited to attend an open house to learn more about the Forest Junction and Union Depot Energy Centers and speak with the project team and other experts. Project details will be on display and there will be a presentation and Q&A.

Visit forestjunctionenergycenter.com to learn more.
