**STATEMENT OF COMPLIANCE**

This product has been determined to be compliant with the applicable standards, regulations, and directives for the countries where the product is marketed. The product is affixed with regulatory marking and text as necessary for the country/agency SonicWall supports. Generally, product compliance is based international standards such as IEC, ETSI and CISPR standards and their national equivalent. For example, Product Safety is IEC 62368-1 and European Norm EN 62368-1 or EMC is CISPR 32/35 and EN 55032/55035.

This product has been assigned a unique regulatory model shown above. The regulatory model is imprinted on the product labeling to provide traceability to the regulatory approvals noted on this datasheet and/or product label. This datasheet applies to any product that utilizes the assigned regulatory model including marketing names other than those listed on this datasheet.

Compliance documentation, such as certifications or declarations of compliance for this product, is available upon request to [regulatory@sonicwall.com](mailto:regulatory@sonicwall.com). Please include marketing name, regulatory model, and country that compliance information is needed in request.

**I. POWER CORDS AND USER DOCUMENTATION**

SonicWall products are provided with the power cord and user documentation suitable for the intended country of delivery. Products that are relocated to other countries should use nationally certified power cords and plugs to ensure safe operation of the product. Contact SonicWall to determine if alternate power cords or user documentation in other languages is available for your market.
