

SonicWall's REACH Article 33 obligation Disclosure of Substance of Very High Concern (SVHC)

Under Article 33 of EU REACH Regulation (1907/2006), SonicWall has a duty to communicate to our customers the presence of SVHCs in excess of 0.1% by weight of articles (as defined by Court of Justice of the European Union Case C-106/14) contained in our products.

SonicWall has reviewed its **SonicWave 432o**, **SonicWave 681**, **SonicWave 641**, **SonicWave 621** (includes components and accessories for these products that are sold separately) for the presence of SVHC substances on the most recent EU SVHC Candidate List as of **27 June 2024**.

The most up to date substance list can be found at the following link: <https://echa.europa.eu/candidate-list-table>

No SVHC were found to be present in excess of 0.1% except as noted below. This determination is based on engineering evaluation and supplier declarations, and is correct to the best of SonicWall's knowledge.
