Database Management (DBM)

## How to Use This Study Guide

This study guide includes topics found on the SolarWinds Certified Professional® (SCP) Database Management (DBM) exam. Use the available SolarWinds documentation to search and learn more about each category.

The intention of the topics in this guide is to supplement your years of experience and hands-on training with SolarWinds® products.

This guide is **not** all-inclusive and should only be used as a starting place for your SCP studies.

If you have a SolarWinds product under active maintenance, you have access to virtual and on-demand training.

To access SolarWinds Academy classes, follow these steps:

1. Log in to your Customer Portal account at <https://customerportal.solarwinds.com>
2. Click Education and Training > Virtual Classrooms
3. Browse the available classes and select an option:
  - Click Register Now for a live class
  - Click the on-demand link to access a recorded course video

SolarWinds Academy adds available classes to the [Virtual Classroom calendar](#) every month.

Note: SolarWinds Academy classes are additional study resources and aren't explicitly designed for the SCP exam.

For additional study resources, visit the [THWACK®](#) community.
