Your participation in the election process is very important. During these challenging times in the health care industry, it is essential that we have the right people in leadership roles to make good, sound decisions on behalf of the medical staff and the health system.

Each eligible medical staff member can vote for candidates at his or her respective hospital. If you are on staff at more than one hospital, you will be able to vote for multiple elections. For security measures you will only be able to login and vote one time.

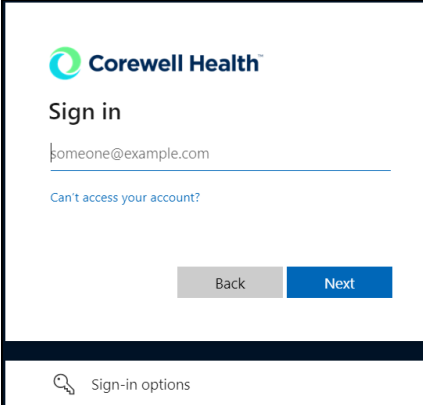

**Current elections for Grosse Point, Royal Oak, and Troy hospitals.**

Polls open Monday, October 13 at noon and close on Monday, October 27 at noon.
