

ACADEMIC COURSE PLAN

Corewell Health - Medical Laboratory Science Program

DIRECTIONS:

1. Please enter completed and in-progress coursework.
2. Note the required courses for admission in bold text (*). This should help you identify additional coursework to meet admission requirements.
3. Tip: In order to fill the cells below; position your cursor in the cell and double click to add information.

This form must be submitted with your application form.

APPLICANT NAME: _____

COLLEGE(S): _____

DATE: _____

COURSES	COURSE TITLE and NUMBER	DATE COURSE WAS TAKEN or SCHEDULED TO BE TAKEN	CREDIT HOURS	GRADE
** = REQUIRED by program				
CHEMISTRY: * 16 semester hours				
1. * General I with lab				
2. * General II with lab				
3. ** Organic I (one course with passing grade)				
4. ** Biochemistry (one course with/without lab)				
4. Analytical				
5. Instrumentation				
Other: Specify				
BIOLOGY: * 16 semester hours				
1. * General I with lab				
2. * General II with lab				
3. Cell Biology				
4. Genetics				
5. Anatomy				
6. ** Physiology				
7. ** General Microbiology with laboratory				
8. Molecular Biology / Pathology				
Other: Specify				
MISCELLANEOUS:				
1. ** Math - algebra or higher				
Physics				
Statistics				
Management (e.g., Quality Assurance)				
Education (e.g., Clinical Correlations)				
MEDICAL LABORATORY SCIENCE: Optional				
Intro to Clinical Laboratory Science				
Clinical Chemistry with lab				
Hematology & Hemostasis with lab				
Clinical Immunology				
Immunohematology (Blood Bank) with lab				
Medical Microbiology with lab				
Mycology				
Parasitology
