

# 2024 ASSETS & INVESTMENTS

## Supporter Stats

Number of Gifts: **12,216**

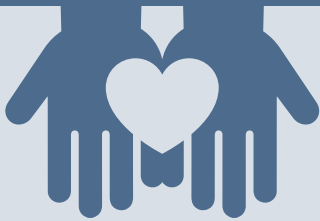

First-Time Donors: **3,204**

Retention Rate: **45%**

Median Gift Amount: **\$100**

Because of your support, **2024** was a record-breaking year of generosity that will impact our life-saving work today and for future generations in West Michigan.

Over **\$68 million** in charitable commitments were made in pursuit of finding cures, creating access to care close to home, and recruiting and retaining the best medical professionals in West Michigan.

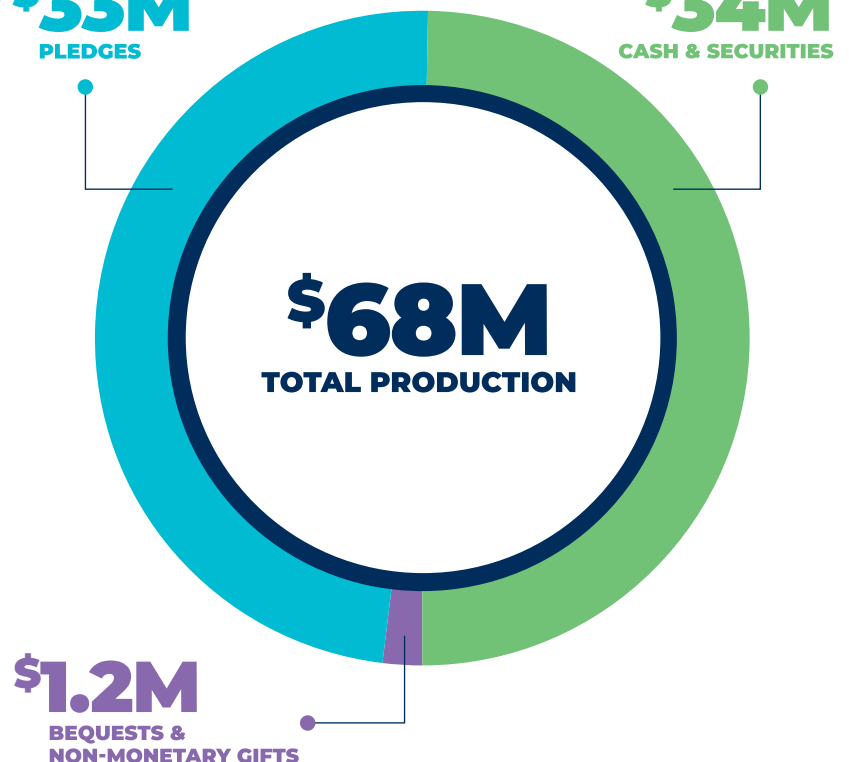

Abe Vos, pictured here with his parents, Megan and Dan (at right), along with Karl and Patricia Betz.

Gifts from donors like you provide exceptional care for kids, like cardiac patient, Abe. In February 2024, the Karl and Patricia Betz Congenital Heart Center at Helen DeVos Children's Hospital celebrated the completion of a second catheterization lab, equipped with advanced tech to enhance visualization when physicians are working on the tiniest of hearts. **Your generosity allows us to care for more kids in West Michigan!**

## 2024 FUNDS RAISED (BY GIFT TYPE)

- Research and Medical Education
- Access and Equity Initiatives
- Clinical Innovation and Program Development
- Mental and Behavioral Health
- Endowed Clinical Leadership
- Patient Assistance and Community Support
- Team Member and Provider Education and Well-Being
- Other Clinical Program Enhancements

Throughout the past year, generous community members made it possible for us to update the infusion chairs in our cancer centers across West Michigan. These new chairs are fully equipped with features that make long treatment days as comfortable as possible for our patients. We are incredibly grateful to donors like you for making these crucial updates possible.
