SANS The most trusted source for cybersecurity training, certifications, degrees, and research

SANSFIRE 2025

July 14-19
Washington, DC & Virtual (ET)

48 Hands-On Cybersecurity Courses Taught by Industry Experts

Attend In-Person in Washington or Live Online (ET)

Elevate your cybersecurity expertise with this SANS premier training event, **SANSFIRE 2025** (July 14-19). Led by industry-leading instructors renowned for their deep knowledge and practical insights, this annual event not only boasts unparalleled, live Q&A access, but the opportunity to network with your favorite cyber experts!

Filled with hands-on labs, simulations, and exercises designed to equip you with practical skills you can apply the moment you step back into your workplace. You won't want to miss the chance to refine your skills during bonus sessions and activities, all backed by SANS's legacy of excellence and expertise.

SANSFIRE 2025 Features

- **Practical cybersecurity training:** Delivered by real-world practitioners providing actionable insights
- **Real-time support:** Receive immediate assistance from certified teacher assistants throughout your course.
- **Immersive labs in a virtual environment:** Hands-on practice to sharpen your skills in a secure setting
- **Thought leadership talks and workshops:** All centered around training topics
- **Comprehensive courseware:** Course materials provided in electronic and printed formats
- **GIAC certification:** Most courses align with the highest standard in cybersecurity certification
- **CPE credits:** Earn continuing professional education (CPE) credits towards a certification
- **Extended learning access:** Enjoy four months of access to recorded course lectures post-event
- **Central hotel location:** Courses will be held at the Washington Hilton

Training Modalities

Live Online
SANS Live Online training offers live, interactive streaming sessions delivered directly from your instructor. It features many of the activities that SANS students love at training events, such as bonus topical presentations, cyber range challenges, networking via chat channels, and live access to top SANS instructors. Live Online is a flexible and fun way to learn.

In-Person
In-Person training offers students the chance to study in a focused environment without distraction but perhaps most importantly, they offer a direct access to SANS's world-leading instructors.
