

The most trusted source for cybersecurity training, certifications, degrees, and research

## SANS Attack & Respond

May 20–25, 2024

Virtual (CT)

### Seven Interactive Cybersecurity Courses Taught by Industry Experts

#### Attend Live Online

At SANS, our mission remains steady. We continue to deliver relevant cybersecurity knowledge and skills, empowering students to protect people and their assets. Register for **SANS Attack & Respond 2024**, and continue to build practical cybersecurity skills you can implement immediately. Choose your course and register now.

#### SANS Attack & Respond 2024 Features

- Take your training Live Online with professional support
- Practical cybersecurity training taught by real-world practitioners
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications

#### Training Modality

##### Live Online

SANS Live Online training offers live, interactive streaming sessions delivered directly from your instructor. It features many of the activities that SANS students love at training events, such as bonus topical presentations, cyber range challenges, networking via chat channels, and live access to top SANS instructors. Live Online is a flexible and fun way to learn.

### SANS NETWARS

#### NetWars Tournament

With your registration at this event, you will be eligible to join an exclusive NetWars Tournament.

**NOTE:** The NetWars tournament may not necessarily take place during the same week as your training. Closer to the event dates, you will be emailed with further information for your relevant tournament.

“Having an SME instructor with tons of real-world experience makes the course material easy to digest, and the Live Online platform is the best platform I’ve experienced!”

—Jeremy Swanson, ManTech

“Fantastic, passionate, and engaging! The instructor supplemented the course content with experience-related scenarios, improving the learning experience and making it extremely interesting.”

—Eliza-May Austin, Visa Inc.

“I love it, it’s the best of both worlds. All the content is provided within a supportive environment, without the distractions of home or work.”

—David Howse, In-Person Live Stream student – Secure Australia 2021
