The ALL Digital Forensics, Threat Hunting, and Incident Response Training Event

In-Person Live Online

OR

Digital Forensics, Threat Hunting & Incident Response Training in Miami, Florida or Live Online

SANS DFIRCON East 2021 (October 25–30) in Miami, FL or Live Online offers opportunities to practice and test your skills, network and share your ideas, and learn the latest solutions to overcome investigative challenges from the best Digital Forensics, Threat Hunting, and Incident Response (DFIR) practitioners currently working in the field.

DFIRCON was created to provide an all-inclusive learning experience that leverages the DFIR community’s unique willingness to support colleagues, provide solutions to those who are facing investigative challenges, and always stay ahead of adversaries.

This event offers cutting-edge DFIR training classes that will teach you the most effective ways to obtain forensic evidence, detect compromised systems, identify how and when a breach occurred, and successfully contain and remediate incidents. And you’ll learn it all from some of the best practitioners working in the industry today!

Limited In-Person seating is available on a first-come, first-served basis. Register now to secure your spot!

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“SANS training is very valuable because it focuses on what really matters and provides practical and easy ways to improve your security posture.”
—Antonio Sannino, P&G

## SANS Live Training Features

- **Training on the cutting edge**: All courses are designed to align with dominant security team roles, duties, and disciplines.
- **Learn from the best**: SANS instructors are active security practitioners who bring their extensive knowledge and real-world experiences to the classroom.
- **GIAC Certification**: Several certifications align with SANS training courses, validating student mastery for professional use in critical, specialized InfoSec domains, and job-specific roles.
- **A superior investment**: Interactive, immersion learning with opportunities to network with and learn from other professionals.
- **The SANS Promise**: You will be able to apply the skills and techniques you’ve learned as soon as you return to work.

---

“SANS courses are extremely valuable because of all the hands-on material and their connection to the real world.”

—Tor Nilsson, SecurityLink AB

Benefits of Live Online Training

- Practical cybersecurity training taught by real-world practitioners
- Real-time support from GIAC-certified teacher assistants
- Dedicated chat channels for networking
- Hands-on labs in a virtual environment
- Courseware in electronic and printed books
- Several courses aligning with GIAC certifications
- Archive of course lectures uploaded to your account daily during the event
- Four months of access to your course lectures recordings

“The real-world, practical examples, paired with an instructor who clearly knew the subject matter inside and out, made this training invaluable.”
—Theresa Hanks,
Booz Allen Hamilton
