

The most comprehensive of the NetWars ranges, this ultimate multi-disciplinary cyber range powers up the most diverse cyber skills. This range is ideal for advancing your cybersecurity prowess in today's dynamic threat landscape.

Recommended for: All infosec practitioners of any level. It is recommended, but not required, that students have a basic or foundational knowledge of information technology and technical topics.

“These challenges were so much fun. It really covered so many different topics. Love how you were forced to use Tshark and MySQL. Made you have to learn or relearn the topic again.”

- C. M.

Disciplines

- Cybersecurity 101
- Cyber Defense
- Penetration Testing
- Digital Forensics
- Incident Response
- Cloud Computing
