

# SANS New York City 2023

July 24–29 | New York City, NY and Virtual (ET)

## 10 Hands-On Cybersecurity Courses Taught by Industry Experts

Attend In-Person at the venue in New York City, NY or Live Online

At SANS, our mission remains steady. We continue to deliver relevant cybersecurity knowledge and skills, empowering students to protect people and their assets. Register for **SANS New York City 2023**, and continue to build practical cybersecurity skills you can implement immediately. Choose your course and register now.

### SANS New York City 2023 Features

- In-Person training
- Take your training at the training venue with professional support
- Practical cybersecurity training taught by real-world practitioners
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications

### Training Modalities

#### Live Online

SANS Live Online training offers live, interactive streaming sessions delivered directly from your instructor. It features many of the activities that SANS students love at training events, such as bonus topical presentations, cyber range challenges, networking via chat channels, and live access to top SANS instructors. Live Online is a flexible and fun way to learn.

#### In-Person

In-Person training offers students the chance to study in a focused environment without distractions but perhaps most importantly, they offer a direct access to SANS's world-leading instructors.

“The real value of this training lies at the intersection of quality content and delivery by a subject-matter expert actively working in the field, making it incredibly relevant and immediately applicable to my job.”

—P. Watson, Microsoft Corp

“This Live Online training has been very productive and it is very comparable to in-person training. The detail of information and the instructor’s knowledge was fantastic.”

—Teresa F., U.S. Military
