Gain the Skills Needed to Become a Cloud Security Ace

SANS Cloud & DevOps 2021 – Live Online (Oct 18–23, PDT) provides intensive, immersion training designed to help you master the practical steps necessary for defending systems and applications in the cloud against the most dangerous threats. SANS Cloud Security focuses the deep resources of SANS on the growing threats to the cloud by providing training, GIAC certifications, research, and community initiatives to help security professionals build, deploy and manage secure cloud infrastructure, platforms, and applications. Our courses are full of immediately applicable techniques that you can use as soon as you return to work.

SANS Cloud & DevOps 2021 Features

- Practical cybersecurity training taught by real-world practitioners
- Real-time support from GIAC-certified teacher assistants
- Dedicated chat channels for networking
- Hands-on labs in a virtual environment
- Courseware in electronic and printed books
- Several courses aligning with GIAC certifications
- Archive of course lectures uploaded to your account daily during the event
- Four months of access to your course lectures recordings

“SANS creates a one-of-a-kind learning experience providing world-class training and fascinating opportunities to network and gain new perspectives from your peers!”
—Justin E., U.S. Federal Agency

“The instruction at SANS is top-notch. I have been to several SANS training courses and they never disappoint. The instructors bring real life experiences and show the students how the material can be applied.”
—Thomas Seck, Johns Hopkins APL

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“SANS offers the ultimate in quality instruction and thoughtful curriculum development. I learned so much this week and can’t wait to review and apply what I learned.”
—Gabrielle S., U.S. Federal Agency

“SANS training is very valuable because it focuses on what really matters and provides practical and easy ways to improve your security posture.”
—Antonio Sannino, P&G
