SANS Security Operations Center 2021
October 4–9 | US Eastern Time

Live Online

Develop a Tactical Security Operations Center
Gain technical knowledge and essential concepts for Security Operation Center (SOC) analysts and Cyber Defense Team members during SANS Security Operations Center 2021 – Live Online (October 4–9). Experience hands-on instruction from industry experts, and learn powerful tools to build your skills and defensive capabilities. Choose your course and register now to learn actionable intelligence applicable to your day-to-day work.

SANS Security Operations Center 2021 Features
• Practical cybersecurity training taught by real-world practitioners
• Real-time support from GIAC-certified teacher assistants
• Dedicated chat channels for networking
• Hands-on labs in a virtual environment
• Courseware in electronic and printed books
• Several courses aligning with GIAC certifications
• Archive of course lectures uploaded to your account daily during the event
• Four months of access to your course lectures recordings

“SANS creates a one-of-a-kind learning experience providing world-class training and fascinating opportunities to network and gain new perspectives from your peers!”
—Justin E., U.S. Federal Agency

“The instruction at SANS is top-notch. I have been to several SANS training courses and they never disappoint. The instructors bring real life experiences and show the students how the material can be applied.”
—Thomas Seck, Johns Hopkins APL

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org
Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“The labs are giving me a chance to see the course content first hand and interact with it. It’s doing a good job of letting me play with it and really seeing how the tools and methodologies work.”

— Ryan Moeller, Eureka Strategic Consulting

“SANS training keeps individuals up-to-date with relevant cyber security information. I can now apply the skills learned towards further maturing my program.”

— Nicholas Marriott, Pfizer
