SANS Austin 2021
December 6–11 | Austin, TX & Virtual (CST)

In-Person OR Live Online

Hands-On Cybersecurity Training in Austin, TX or Live Online

At SANS, our mission remains steady. We continue to deliver relevant cybersecurity knowledge and skills, empowering students to protect people and their assets. Join us in Austin, TX or Live Online for SANS Austin 2021 (December 6-11), and build skills you can implement immediately. Choose your course and modality from the course list on the next page. Whichever training option you choose, you will receive high-quality cybersecurity training you can implement immediately. We look forward to seeing you soon!

Limited In-Person seating is available on a first-come, first-served basis.

SANS Live Training Features

• Training on the cutting edge: All courses are designed to align with dominant security team roles, duties, and disciplines.
• Learn from the best: SANS instructors are active security practitioners who bring their extensive knowledge and real-world experiences to the classroom.
• GIAC Certification: Several certifications align with SANS training courses, validating student mastery for professional use in critical, specialized InfoSec domains, and job-specific roles.
• A superior investment: Interactive, immersion learning with opportunities to network with and learn from other professionals.
• The SANS Promise: You will be able to apply the skills and techniques you’ve learned as soon as you return to work.

Enhance your training experience. Add a GIAC Certification attempt and OnDemand Bundle to your course.

Distinguish yourself as an information security leader and get certified with GIAC Certifications. giac.org

Extend your training experience with an OnDemand Bundle. Receive four months of supplemental online review and 24/7 online access to your course lectures, materials, quizzes, and labs. sans.org/ondemand/bundles

“SANS creates a one-of-a-kind learning experience providing world-class training and fascinating opportunities to network and gain new perspectives from your peers!”
—Justin E., U.S. Federal Agency

“The instruction at SANS is top-notch. I have been to several SANS training courses and they never disappoint. The instructors bring real life experiences and show the students how the material can be applied.”
—Thomas Seck, Johns Hopkins APL
