SANS Cyber Security Mountain: January 2024 Features

- Take your training Live Online with professional support
- Practical cybersecurity training taught by real-world practitioners
- Hands-on labs in a virtual environment
- Courses include electronic and printed books
- Several courses align with GIAC certifications

Training Modality

Live Online

SANS Live Online training offers live, interactive streaming sessions delivered directly from your instructor. It features many of the activities that SANS students love at training events, such as bonus topical presentations, cyber range challenges, networking via chat channels, and live access to top SANS instructors. Live Online is a flexible and fun way to learn.

SANS NETWARS

NetWars Tournament

With your registration at this event, you will be eligible to join an exclusive NetWars Tournament.

NOTE: The NetWars tournament may not necessarily take place during the same week as your training. Closer to the event dates, you will be emailed with further information for your relevant tournament.

sans.org/cyber-ranges

“Having an SME instructor with tons of real-world experience makes the course material easy to digest, and the Live Online platform is the best platform I’ve experienced!”

—Jeremy Swanson, ManTech
