

Attending CyberThreat 2024 In-Person vs Live Online

	IN-PERSON	ONLINE
<p>In-Person Keynote Presentations</p> <p>Listen to unique presentations from subject matter experts in the offensive, defensive and forensic fields.</p>	✓	✓
<p>Learn from Knowledgeable Experts</p> <p>Presentations on the latest cybersecurity research, tools and techniques within the industry.</p>	✓	✓
<p>Interact with Peers and Cybersecurity Experts</p> <p>Talk and engage with hundreds of in-person attendees, our awesome advisory board and our world-renowned speakers.</p>	✓	✓ (via twitter)
<p>Recordings Available After the Event</p> <p>Can't be there in-person or watch the event live? All speaker recordings will be available post event and uploaded into the SANS portal. You must have created a SANS account and be pre-registered before the Summit to access the recordings.</p>	✓	✓
<p>Hear Exclusive Insights from NCSC</p> <p>Hear from Paul Chichester, Director of Operations and other members of the National Cyber Security Centre.</p>	✓	
<p>Take Part in Our CyberThreat24 Capture the Flag (CTF) Tournament</p> <p>Great individual and team prizes to be won including the first place prize, a complimentary SANS course of your choice!</p>	✓	
<p>Capture the Flag (CTF) 101</p> <p>A chance for attendees new to CTF challenges to hear from the technical team that develop our challenges and to learn about the tools and approaches commonly used to solve them. A great preparation for tackling this year's CTF.</p>	✓	
<p>Interactive Hackable Badge Challenges</p> <p>Designed to test the most technically advanced delegates. The badge challenges require some degree of collaboration, they have multiple streams plus there is an opportunity to unlock additional functionalities.</p>	✓	
<p>Dedicated Retro & Modern Gaming Area</p> <p>We'll be kitting out our networking area with some fun and interactive games and simulators for delegates to wind down on in between the technical talks. Compete with colleagues or challenge other delegates with some entertaining networking.</p>	✓	
<p>Great Networking Opportunities</p> <p>In-person networking with like-minded security practitioners from around the world! Dedicated networking sessions with pizza and drinks, plus guest appearances such as award-winning magician Matt Parro. Our selected in-person speakers receive an invite to a networking dinner at a top-secret location. Our 2018, 2019 and 2022 locations include The Churchill War Rooms, HMS Belfast and The Bustronome.</p>	✓	
<p>Enjoy Cool Surprises</p> <p>Look out for what we have in store for 2024! Previous years CyberThreat had the original DeLorean for attendees to look around and snap some cool photos with.</p>	✓	
<p>Exclusive CyberThreat Swag</p> <p>Receive your very own CyberThreat24 t-shirt and other really great giveaways.</p>	✓	
<p>Opportunities for Schools to Attend</p> <p>A limited number of complimentary tickets are available for schools and reduced price tickets are available for individual students over the age of 18. CyberThreat aims to encourage the next generation of cybersecurity experts.</p>	✓
