11 Hands-On Cybersecurity Courses Taught by Industry Experts

Attend In-Person in New Orleans or Live Online (CT)

SANS New Orleans 2025 offers an exciting chance for cybersecurity professionals from all backgrounds to dive into Industrial Control Systems (ICS) security and enhance their skill sets. Led by world-renowned instructors boasting extensive industry experience, SANS New Orleans 2025 offers live access to top experts in the field. Whether you're an expert or completely new to ICS/OT, this event provides hands-on learning experiences and opportunities to network with top professionals across the cybersecurity spectrum.

If you're new to ICS or a seasoned IT/OT security professional, this event is your chance to dive into the critical world of ICS security. The ICS NetWars tournament, an exclusive in-person experience, is a standout opportunity to team up with ICS/OT experts and tackle real-world challenges. Over the course of two nights, you'll defend factory-floor equipment from cyberattacks, gaining hands-on experience that bridges IT and OT. Guided by industry mentors, this immersive competition lets you collaborate, compete, and expand your skills in a way no other event can offer.

Training Modalities

Live Online

SANS Live Online training offers live, interactive streaming sessions delivered directly from your instructor. It features many of the activities that SANS students love at training events, such as bonus topical presentations, cyber range challenges, networking via chat channels, and live access to top SANS instructors. Live Online is a flexible and fun way to learn.

In-Person

In-Person training offers students the chance to study in a focused environment without distraction but perhaps most importantly, they offer a direct access to SANS's world-leading instructors.
