

End-of-Year Offers!*

Use your end-of-the-year funds to provide world-class cyber training to your team.

SANS | GIAC
CERTIFICATIONS

It is the time of year when many of you are planning for the use of your year-end surplus funds. SANS would like to help with your cyber training initiatives by offering you the following year-end promotions. Fund a new SANS voucher account at the levels shown below and receive the bonus discount (on new investments) to maximize the skill building of your teams this year.

Your investment gives you access to a broad offering of world-class cybersecurity training:

- **Training courses offered in five ways:**
 - In-Person
 - OnDemand
 - Live Online
 - Hybrid
 - Private (with a minimum of 15 students)
- **Fourteen (14) certifications that meet regulatory requirements for DoDD 8140**
- **NetWars:**
 - In-Person (Tournaments)
 - Online (Continuous)
 - Private (with a minimum of 50 players)
- **Executive Cyber Exercises:**
 - A simulated cyberattack for senior leaders to test their crisis management plan
- **Specialized role-based training designed to train your teams at scale**
- **Security Awareness and Phishing training**

All funds will be deposited into a new SANS Voucher account and can be used for 12 months from purchase. Valid for any SANS.org offering. Packages cannot be combined with any other promotions or discounts. Discounts are set and applied to new investment only. Discounts are not available through third-party procurement.

Please visit www.sans.org/mlp/federal-budget-programs for more information on the products referenced or reach out to your SANS representative for discussion on which package best fits your organization's needs.
