

## Attending CyberThreat 2022 In-Person vs Live Online

	IN-PERSON (FULL ACCESS)	LIVE ONLINE (LIMITED ACCESS)
<b>In-Person Keynote Presentations</b> Listen to unique presentations from subject matter experts in the offensive, defensive and forensic fields.	✓	✓
<b>Learn from Knowledgeable Experts</b> Presentations on the latest cybersecurity research, tools and techniques within the industry.	✓	✓
<b>Interact with Peers and World-Renowned Cybersecurity Experts</b> Talk and engage with hundreds of in-person attendees, our awesome advisory board and our world-renowned speakers.	✓	✓ (Via Twitter)
<b>Hear Exclusive Insights from NCSC</b> Hear from Paul Chichester, Director of Operations from the National Cyber Security Centre.	✓	
<b>An Exclusive CyberThreat22 Capture the Flag (CTF) Tournament</b> A super-technical, unpredictable and dynamic experience. This year the CTF is based on a news TV station. The CTF will include services like communications systems, teleprompters, chat systems and on-premise challenges.	✓	
<b>CTF Prizes To Be Won</b> Great team prizes to be won including the first place prize, a complimentary SANS Course of your choice! Second and third team prizes include Netwars Continuous License and a complimentary in-person summit seat of your choice.	✓	
<b>Capture The Flag (CTF) 101</b> A chance for attendees new to CTF challenges to hear from the technical team that develop our challenges and to learn about the tools and approaches commonly used to solve them. A great preparation for tackling this year's CTF.	✓	
<b>Interactive Hackable Badge Challenges</b> Designed to test the most technically advanced delegates. The badge challenges require some degree of collaboration, they have multiple streams plus there is an opportunity to unlock additional functionalities.	✓	
<b>Dedicated Retro &amp; Modern Gaming Area</b> Gaming devices such as Nintendo: NES, SNES, GameCube - Sega: Master Systems, Megadrive, Dreamcast - Sony: PS1, PS2, PS3 - Atari: 2600, Jaguar or Lynx - Computers: Amiga, Spectrum - A full gaming mixture with VR plus so much more!	✓	
<b>Great Networking Opportunities</b> In-person networking with like-minded security practitioners at a top-secret location. 2019 and 2018 locations included Churchill War Rooms & HMS Belfast plus a guest appearance from award-winning magician Matt Parro.	✓	
<b>Enjoy Very Cool Surprises</b> Look out for what we have in store for 2022! In 2019, CyberThreat had the Original DeLorean ready for attendees to look around and snap some pretty cool pictures.	✓	
<b>Exclusive CyberThreat Swag</b> Receive your very own CyberThreat22 T-shirt and Coin amongst other really great giveaways.	✓	
<b>Opportunities for Schools to Attend</b> A limited number of complimentary tickets are available for schools and students. CyberThreat aims to encourage the next generation of cybersecurity experts.	✓
