SANS 2022 Top New Attacks and Threat Report

Author: John Pescatore
Publication Date: September 13th, 2022

Analyst Program ■

OVERVIEW

This annual report will provide deeper insight into the threats highlighted during the SANS keynote panel discussion at the 2022 RSA Conference. The paper will include insight from SANS instructors Ed Skoudis, Heather Mahalik, Johannes Ullrich, and Katie Nickels on the dangerous new attacks techniques they see emerging. The report will also include actionable advice on the critical skills, processes and controls needed to protect their enterprises from these advanced attacks.

MEET THE AUTHOR

John Pescatore
SANS Director of Emerging Security Trends

John Pescatore has 35 years of experience in computer, network and information security. He was Gartner's Lead Security Analyst for 13 years, working with global 5000 corporations and major technology and service providers. Prior to joining Gartner Inc. in 1999, Pescatore was Senior Consultant for Entrust Technologies and Trusted Information Systems. Prior to that, Pescatore spent 11 years with GTE developing secure computing systems. Pescatore began his career at the National Security Agency, where he designed secure voice systems and at the United States Secret Service, where he developed secure communications and surveillance systems.

Topics will focus on:

- Briefing of the most dangerous new attack techniques in use today
- What organizations can do to prepare and counter these attacks
