## About Our Company

Headquartered in Chattanooga, Tennessee, CBL owns and manages a national portfolio of market-dominant properties located in dynamic and growing communities. CBL's owned and managed portfolio is comprised of 88 properties totaling 55 million square feet across 23 states, including 56 high-quality enclosed malls, outlet centers, and lifestyle retail centers as well as more than 25 open-air centers and other assets. CBL's properties offer more than just a place to shop. Each mall serves as an active community partner by combining retail, a variety of dining options, entertainment and events, services, health and wellness offerings and so much more. Prime locations, excellent access and infrastructure drive the consistent demand that allows our properties to evolve quickly to meet the needs of their communities.

# Redevelopment Program

The dominant position of CBL's properties in their markets make them attractive locations for growing brands. CBL's redevelopment program seeks to unlock the value in its portfolio by taking a proactive approach, redeveloping anchor locations, quickly backfilling big box spaces, and adding density in under-utilized parking areas to further diversify each property's offerings. Since 2023, we have opened 27 new anchor and junior anchors across our portfolio.
