UNSCRAMBLE THE LEGO® NINJAGO® MOVIE™ NAMES!

Cole was testing out his awesome Quake Mech, which turns shattering sound waves into a powerful weapon against the Shark Army. Unfortunately, he played his favorite tunes a little too loud and scrambled the names of some of his friends and enemies. Can you help him out by unscrambling them again?

## Mech Building Tips

Here are some hints for building your own mech:

- Remember that a mech has a pilot, so save room in your model for the pilot's seat.
- You can use antenna pieces as blasters on your mech.
- If you are adding wings, make sure they are the same size, so your model doesn't tip over.
