CONTENTS: 1 LIGHT PEN, 2 DEVICE STANDS AND RULES

DOWNLOAD THE APP

Download the Pictionary Air™ app on your smart device.

PAIR LIGHT PEN & DOWNLOAD CLUES TO 1ST DEVICE

Use the switch to turn on the light pen. After downloading the app, you will be guided through the connecting process for the Pictionary Air™ 2 pen. When the pen tip turns red, it is connected.

After connecting the device, a digital clue pack will be available for you. Additional themed clue packs will also be available for purchase.

IMPORTANT: Switch the pen "off" when finished playing to avoid draining the battery.

For further questions or troubleshooting, see FAQ.

TRANSFER CLUES TO 2ND DEVICE

A Wi-Fi connection and 2 devices with the free Pictionary Air™ app downloaded are required to use digital clue packs. When starting a game, you will be prompted to scan a QR code with a second device so the Picturist can secretly read the clues without the rest of the players seeing them.

* Compatible iOS or Android smart devices and app are required to play.
App is free to download. Data rates may apply.

* For more details on compatible devices and other information visit PICTIONARY.COM/SUPPORT.

OBJECT OF THE GAME

Draw in the air and see it on screen! Get your teammates to guess the clues for points. The team with the most points wins!

GAME SET UP

Watch the quick, easy-to-follow tutorial before starting to play.

Divide into 2 teams and select a Picturist to draw first.

Decide how you want to set up your play space:

DRAW WITHOUT SEEING THE IMAGE.

The teammates guessing watch from the opposite side or on the TV, if casting/mirroring.

SEE WHAT YOU ARE DRAWING.

The teammates guessing watch from the same side so they can see the screen, or from anywhere if they are casting/mirroring.

INCLUDES 2 DEVICE STANDS:

Use for 2 phones/small tablets (one capturing drawings and the other displaying clues) or use 2 holders for a tablet to capture the drawings.

LET'S PLAY!

The Picturist will view their clues on the clue (2nd) device. They can either hold the device or use one of the device stands. When the Picturist announces they are ready, the player using the app will start the timer on the capturing (1st) device.

To draw, make sure the lighted pen tip is facing the device. Hold down the Draw button on the Pictionary Air™ 2 pen when you want to draw. Release the button when you do not. The pen tip will be green while drawing.

ADD POINT

If the clue has been guessed correctly, the Picturist will add a point by pressing the score (+) button. The app will automatically advance to the next clue. The Picturist can also skip to the next clue without scoring by pressing "skip clue" on the app. The Picturist must try to get their team to guess as many clues as they can before time is up.

Then, it's the next team's turn to draw and guess. Play continues, alternating teams and Picturists.

INTERACTING WITH YOUR IMAGE

You are encouraged to interact with your clues; however, this is not simply a game of charades. You must draw an image first that can be interacted with.

WINNING THE GAME

After the final round, the team with the most points wins!
