First presented at the 1989 Chicago Auto Show and later released in 1991, the Acura NSX is an iconic sports car with a dedicated fanbase. Featuring a mid-engine layout and the first mass-produced aluminum semi-monocoque model in the industry, the NSX has cemented itself as a reliable, sleek ride for car enthusiasts.

Hot Wheels is all about taking everything that's special about a car and making it larger than life. This model is no exception. We gave the NSX a lower roof, bigger wheels, and reduced the overhang, playing with the originals' proportions. Remixing such an iconic car was a rewarding design experience!

Hot Wheels a pour objectif de capturer l'essence même d'une voiture pour créer des modèles réduits plus grands

que nature. Ce modèle en est une fois de plus la démonstration. Nous avons abaissé le toit de la NSX, agrandi ses roues et réduit son porte-à-faux en jouant avec ses proportions d'origine. Revisiter la conception d'une voiture aussi emblématique a été une expérience gratifiante !

Hot Wheels es capaz de reconocer todo lo que hace que un coche sea especial y llevarlo al otro nivel. Este modelo no es una excepción. Le hemos dado al NSX un techo más bajo y unas ruedas más grandes, y hemos reducido el saliente para jugar con las proporciones originales. Modificar un coche tan icónico ha sido una experiencia de diseño de lo más gratificante.

Bei Hot Wheels geht es darum, die besonderen Merkmale eines Autos auf ein neues Level zu bringen. Dieses Modell ist keine Ausnahme. Wir haben den NSX mit einem niedrigeren Dach, größeren Rädern und verkürzten Überhängen neu interpretiert, um die Proportionen des Originals subtil anzupassen. Die Neuinterpretation eines so ikonischen Fahrzeugs war eine spannende und lohnende Design-Erfahrung!

JIMMY LIU

Growing up in the 90's, I always dreamed of having an NSX and had a poster of it in my bedroom. It was designed to dominate super cars of its time, at a lower price - making it even cooler! The original designer, the late Ryu Asada, personally owned this vehicle and he was the biggest Honda/Acura fanboy I've ever known.

J'ai grandi dans les années 90 et j'ai toujours rêvé d'avoir une NSX. J'en avais même un poster dans ma chambre. Elle a été pensée pour dominer les supercars de

son époque tout en étant moins chère, ce qui la rend encore plus cool ! Le designer d'origine, le regretté Ryu Asada, possédait une NSX et il était le plus grand fan de Honda et d'Acura que j'ai jamais connu.

Pertenezco a la generación de los 90 y, para mí, siempre había sido un sueño tener un NSX. Incluso tenía un póster colgado en mi cuarto. Este coche de alta gama se diseñó para imponerse a la competencia de su época, pero por un precio más bajo, lo que lo hace aún más increíble. Su diseñador original, el ya fallecido Ryu Asada, fue propietario de un NSX y el mayor admirador de Honda y Acura que he conocido.

Ich bin in den 90ern aufgewachsen und habe immer davon geträumt, einen NSX zu besitzen. Ich hatte sogar ein Poster von diesem Modell in meinem Schlafzimmer. Er wurde entwickelt, um die Supersportwagen seiner Zeit zu übertreffen, zu einem günstigeren Preis – was ihn noch cooler machte! Der ursprüngliche Designer, der leider bereits verstorbene Ryu Asada, war selbst im Besitz dieses Fahrzeugs und einer der größten Honda/Acura-Fans, die ich je kennengelernt habe.
