

## AVID 101:

# A Foundational Understanding of AVID

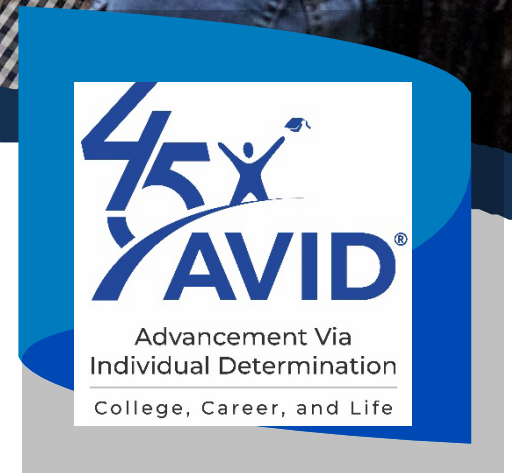

Join us online to learn more about AVID and how you can support implementation on your campus!

## What You'll Learn:

This workshop allows participants to explore and define AVID, the AVID College and Career Readiness System, and WICOR, as well as how they can support implementation of AVID in their role in a district. Participants will experience the focused note-taking process as a tool to process their learning throughout the module, using a graphic organizer or note-taking system of their choice.

All professional learning requires participants to have their own device or laptop that is connected to internet. Mobile phones are not suitable.

## Who Should Attend:

Any Pre-K-12 Educator attending AVID Professional Learning

### TIME ZONE

All workshops are listed in MyAVID in Pacific Time

### COST

Free as a benefit of your AVID membership.

### QUESTIONS?

Contact your AVID District Director or Implementation Strategist.
