## Rising School Administrator Academy

Join the **Rising School Administrator Academy**, an interactive cohort experience, designed to support educators as they step into school leadership.

The academy offers purposeful learning rooted in real-world leadership challenges, focusing on core themes essential for rising administrators. Participants will engage with thoughtfully designed content, practical tools, and collaborative learning experiences that build confidence and readiness for leadership roles.

### Intended Audience

- Rising assistant principals and principals
- Teacher leaders considering administrative roles
- Coaches, counselors, and deans preparing for role transition
- Early-career assistant principals and principals seeking to strengthen their practice
- Educators preparing to move from peer-based influence to positional leadership

### Academy Outcomes

- Navigate the mindset shift from teacher to administrator.
- Build resilience, self-awareness, and sustainable leadership practices.
- Clarify your leadership persona and navigating systems-level challenges.
