

XPEL **Fine Polish 003** is a next-generation micro-polish designed for the permanent removal of fine scratches, holograms, and sanding marks up to 3,000 grit. Utilizing highly specialized and homogeneous abrasives, it delivers a brilliant, lasting high-gloss finish, even on dark or sensitive paint surfaces. This polish effectively eliminates imperfections rather than merely masking them, ensuring a flawless result. Easy to apply and remove, XPEL Fine Polish 003 is perfect for professional detailers seeking exceptional clarity and finish on all types of paint, including scratch-resistant coatings.

GENERAL CHARACTERISTICS	
PROPERTIES	INFORMATION
Cut	3.0 / 10
Gloss	9.0 / 10
Area of use	Paint on cars, commercial vehicles, motorcycles, etc.
Recommendations for use	For best results, we recommend applying XPEL Fine Polish 003 with an XPEL White Foam Pad and a dual-action polisher, such as a Rupes DA. Before starting, fully moisten new or dry pads with the polish. With the machine turned off, spread the polish evenly over the surface. Then, using medium pressure, polish in a crosswise pattern until a transparent film forms, indicating the aluminum oxide has completely broken down. To avoid contamination, do not use pads that have been used with other products. For residue removal, we recommend using edgeless microfiber towels to prevent additional swirl marks and achieve a flawless finish.
Size(s)	8oz & 32oz
Warnings	Shake well before use. Verify compatibility and suitability before application. Do not apply to hot surfaces. Safety data sheets are available at <a href="http://xpel.com">xpel.com</a> . Store in a cool, frost-free environment and protect from excessive heat.

TARGET APPLICATION

FINE POLISH 003

XPEL **Fine Polish 003** offers precise paint correction, effectively removing fine scratches, holograms, and sanding marks while leaving a brilliant high-gloss finish. Its advanced formula ensures a smooth polishing process with minimal dust, making it ideal for all types of automotive paint, including sensitive and dark finishes. Perfect for professional detailers seeking superior clarity and gloss with ease of use.
