

This guide will show you how to create and manage Webconnect features in DAPNext for integrating Part Search with your website.

Access Webconnect by going to Settings/<u>Webconnect</u> through the navbar on DAPNext

This page will contain a grid of all <u>Webconnect</u> pages managed by your account

1-210-678-3770		Q SEARCH FOR PARTS			•
··· X pel		PARTS CUSTOMERS XPELACCOUR	NT SETTINGS TOOLS REPORTS ADMIN	n shop help	
SETTINGS / WEBCONNECT					ADD NEW
Id	Page Name		WebConnect Name		
	Ϋ́	÷ %		1	
9	565		565		NEW V

	PASSWORD *								
	Password								

Page Name is what will display on the open tab on your browser

- Webconnect Name is the slug included in the URL of this page
- 3 Price Column will determine what pricing will display on search results, based on your accounts Price Column settings (Settings/Price Columns)
- 4 Page Title is what will display centered at the top of the page
- 5 Page Header is what will display below the Page Title
- 6 Header Image URL can be used to display an image alongside the Page Header
- 7 & 8 Top and Bottom text will display above and below the Part Search component respectively. Both text fields can be stylized through font settings, format, and even include pictures

Click "Save" to create the new Webconnect page or save changes made to an existing page

Region and Autotype will be based on your account settings

After saving the new Webconnect page, the aftermarketquote.com URL will generate with the provided Webconnect Name

https://aftermarketquote.com/webconnect/xpeltestpage

Using HTML, this URL can then be inserted into your website as an iframe

Example: <iframe src="https://aftermarketquote.com/webconnect/xpeltestpage"></iframe>
