Morningstar's overall tax strategy is to:

- Act as a responsible global corporate tax citizen in compliance with applicable tax law, regulations and reporting disclosure requirements;
- Maintain an open relationship with tax authorities based on collaboration and appropriate disclosure;
- Apply diligence and care in the management of processes and procedures by which all tax related activities are undertaken;
- Encourage ethical and transparent business practices;

Morningstar's tax planning is commercially driven and does not implement tax avoidance strategies that exploit gaps and mismatches in tax rules to artificially shift profits to low or no-tax locations. Transactions between group companies are on an arm's length basis and arm's length transfer pricing is utilized.

Professional advice is taken from reputable independent external advisors on tax matters where the amount of tax is significant and/or the tax treatment is uncertain.

Risk Management and Governance

Morningstar believes that it is important to timely pay all taxes due and owing in compliance with all relevant laws and regulations. Morningstar is committed to provide transparent and accessible information to tax administrators in order to facilitate an understanding of Morningstar's tax strategy and the underlying business models. Morningstar operates a tax control framework intended to identify key tax risks and to manage those risks through appropriately designed and operated controls, policies and processes.

Working with HMRC

It is Morningstar's general procedure to be transparent and proactive in all interactions with HMRC.

Morningstar believes it has an open, honest and positive working relationship with HMRC. Morningstar is committed to timely disclosure and transparency in all tax matters with HMRC. We recognize that there may be areas of differing legal interpretations between Morningstar and HMRC and if this occurs, we will engage in proactive discussions with HRMC and will seek to bring any tax issues affected by such interpretations to a conclusion as soon as possible.
