

GWU637

Universal Wi-Fi N Transmitter- Ethernet to Wi- Fi N 300Mbps

Wireless Ethernet - Convert Ethernet to Wi-Fi On Any Device

Enjoy the freedom of Wi-Fi connectivity for any of your Ethernet enabled devices at home or in the office with IOGEAR's Ethernet-2-WiFi Universal Wireless Adapter. This is the ideal solution for devices that do not have built-in Wi-Fi and is universally compatible with any device with an Ethernet port. Avoid the clutter of cables and connect devices such as HDTVs, game consoles, and Blu-ray players to your Wi-Fi network.

Turn Legacy Gadgets, Printers, VOIP into High Speed Wi-Fi Enabled Devices

Older laptops, A/V receivers, network printers and other Ethernet only devices leave you at the mercy of a hardwired data connection. With IOGEAR's Ethernet-2-WiFi Universal Wireless Adapter, you can breathe new life into your legacy electronics by giving them Wi-Fi capability.

Maximize Transfer Speeds

Using dual antennas (2T2R), the adapter delivers data rates up to 300Mbps and boasts speeds twice that of IOGEAR's Universal Wireless-N Adapter (GWU627). The increased speed supplies sufficient bandwidth for faster file transfers, music downloads, video streaming, online gaming, and HD multimedia applications.

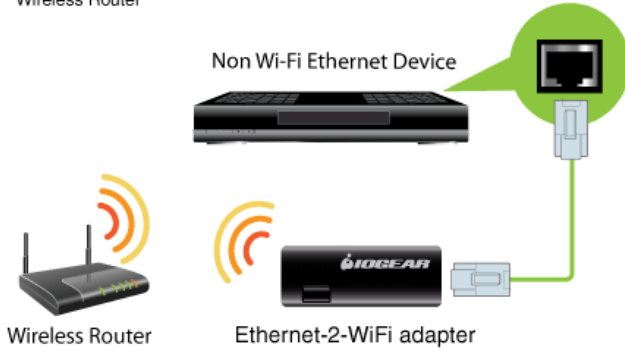

- Wirelessly connect Ethernet enabled devices to most Wi-Fi network*
- Turn legacy electronics into high-speed Wi-Fi enabled devices
- Supports transfer speeds of up to 300Mbps on 2.4GHz networks
- Compatible with 802.11b/g/n network standards
- Small form factor for ease of placement
- Push-button Wi-Fi Protected Setup™ (WPS) simplifies secure connections to existing Wi-Fi networks
- Supports WEP, WPA, WPA2, TKIP and AES encryption

*Not Compatible with Enterprise Authentication

How does it work?

- Connect Non Wi-Fi Ethernet Device to Ethernet-2-WiFi adapter using an Ethernet Cable
- Ethernet-2-WiFi adapter connects wirelessly to your Wireless Router

Requirements

- System Requirements
 - Ethernet enabled device
 - Wireless Router with WPS Setup or Router without WPS Setup and Ethernet Enabled Computer
 - Noted: Not Compatible with Enterprise Authentication

Package Contents

- 1 x Ethernet-2-WiFi Universal Wireless Adapter
- 1 x USB Power Cable
- 1 x USB Power Adapter
- 1 x Ethernet Cable (3ft)
- 1 x Quick Start Guide
- 1 x Warranty Card
