Two ways to get started!

Access the SMS service directly through our **Campaign Manager** or via a simple **API integration** with your apps.

SMS in action

All of the following become easy with the 8x8 platform...

- ✓ **One-Time Passwords (OTP):** enhance data security by sending customers an OTP to authenticate their access to online apps.
- ✓ **Delivery notifications:** ensure your customers are aware and ready for an impending or update them on the status of an order.
- ✓ **Customer feedback:** make it easy for customers to confirm deliveries or offer feedback with a click.
- ✓ **Real-time marketing:** make sure customers are the first to know about your latest offers, products and services the moment they go live.

Benefits

- ✓ **Intelligent message routing** automatically selects the best SMS routes to ensure that your messages are delivered.
- ✓ **Auto adaptation** adapts messages, phone numbers, and Sender ID formats to ensure successful delivery.
- ✓ 1 way or 2 way **individual and bulk SMS messages** can be sent out quickly and easily, anywhere in the world.
- ✓ **Advanced reporting and analytics:** track your SMS performance and expenditure, as well as delivery receipts for all messages.
- ✓ **Easy integration** using detailed documentation as a guide.
- ✓ **Custom sender ID** keeps your brand top-of-mind when you send messages from your company name.
