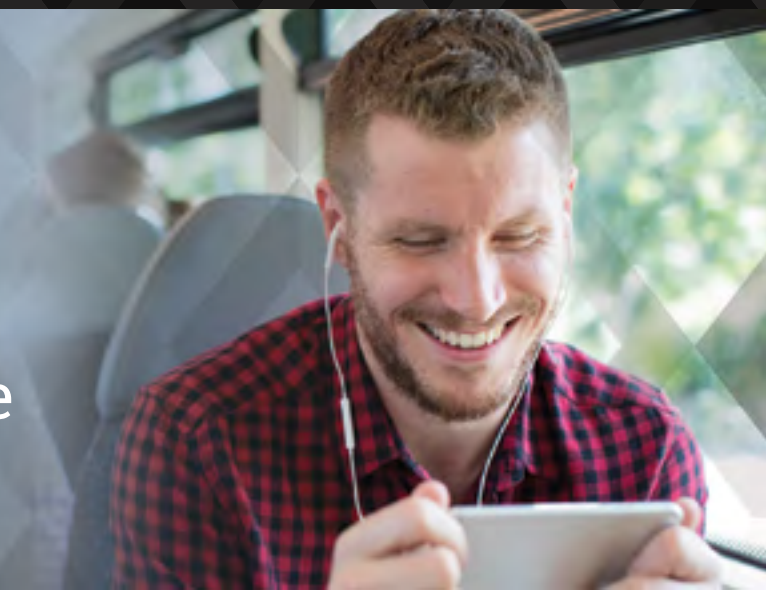
8x8 Express

A Reimagined Business Phone System Experience



8x8 Express gives your business a professional identity with an easy to implement business phone system that includes voice, HD video conferencing, and team chat in a single mobile application.

Build your business identity by getting the same communication tools used by large corporations; get a new business phone number or port your existing one

Get connected instantly with pre-configured setup and start making calls in a matter of minutes

Manage your phone system from anywhere with simple and intuitive administration tool—add new users, purchase devices and licenses, and much more.

Key Benefits

- Purchase online in an easy and convenient way
- Preconfigured set up for instant activation and an intuitive user interface
- Manage account settings and billing in a simple and frictionless manner

Increase employee productivity and provide a unique customer experience with an enterprise grade business phone system that includes features such as:

1. Unlimited calling within the U.S. and Canada
2. HD voice and video conferencing
3. Business SMS and team messaging
4. Intelligent call routing including auto attendants, ring groups, and call forwarding
5. GSuite and Office 365 integrations

8x8

Manage your phone system with **Manager Express.**

Whether it is creating user-profiles and assigning phone numbers, defining call routing or making payments, it is your one-stop tool to manage all your phone system needs.

Manager Express is the online configuration tool to manage your business phone system from anywhere

With Manager Express, the administrator can:

- Define and set up business hours, whether it is 24/7 or a specific schedule
- Customize the calling experience by defining call flows with specific routing and forwarding rules
- Create new user profiles, assign numbers and port phone numbers
