

## **ACUVUE® Packaging Update**

While the packaging may appear different, we want to assure you that there were no changes made to the contact lens or packing solution. Our manufacturing processes, locations and contact lens products continue to remain the same. As we transition to the new packaging design for ACUVUE® portfolios, you may see both new and old packaging concurrently. For more information, contact customer service at 1-800-874-5278.

BRANDS	BEFORE	AFTER (NEW)	NOTES
