Like No Other

MoFo's Two-Summer Patent Program:

Be the best patent prosecutor or patent litigator you can be.

Morrison Foerster's IP Group is among the best in the nation.
Our patent litigators have litigated, tried, and won patent cases in key jurisdictions throughout the United States and have managed patent litigation cases in courtrooms around the globe. Our world-class patent prosecutors have developed and implemented IP strategies and obtained patents for many of the most innovative technology and life sciences companies. Our clients expect the best.

To be the best, you must be trained by the best.
Our Two-Summer Patent Program was created to develop you into the next successful MoFo IP attorney. We will immerse you in our Patent Strategy + Prosecution Group or Patent Litigation Group over two full summers, guide you in your professional development, and pay for you to take the USPTO exam. You will also attend our unique Patent Boot Camp training program, be mentored by our leading IP partners, and receive a $40,000 bonus upon successful completion of the program.*

Your MoFo story starts here.
Applications will be accepted through February 28, 2027, and in accordance with your school's recruiting guidelines. Please visit careers.mofo.com to apply.

For more information about the program, please contact Michael Bastaki, Patent Recruiting Manager, at MBastaki@mofo.com.

Scan the QR code to learn more about MoFo's Summer Associate Program.

*To complete the program successfully, summer associates must spend both their 1L and 2L summers with the firm (no splits) and must receive and accept an offer of full-time employment to join either the Patent Strategy + Prosecution Group or Patent Litigation Group following law school graduation.
