FREEMOTION

8 SERIES

LITE CARDIO

CONNECTED CARDIO IN A MORE COMPACT DESIGN

The Freemotion 8 SERIES delivers the same connected training experience found in our flagship cardio lines, packaged in a more compact and efficient design. Ideal for facilities where space matters, the 8 SERIES combines immersive iFIT workouts, smart-adjusting technology and commercial durability to keep members engaged while maximizing floor space.

CONNECTED CARDIO. COMPACT BY DESIGN.

COMPACT, SPACE-EFFICIENT DESIGN

The 8 SERIES delivers premium cardio performance in a smaller footprint, helping facilities maximize their training space without compromising on quality.

HD TOUCHSCREEN TRAINING EXPERIENCE

Large HD touchscreens across the 8 SERIES bring immersive iFIT workouts to life with stunning visuals, responsive controls and intuitive navigation, making it easy for members to explore workouts, track performance and stay engaged throughout every session.

EXPAND YOUR STUDIO TIMETABLE

Users will feel the hype of high-energy on-demand studio classes alongside other participants, led by fitness instructors that motivate to keep pushing and inspire to come back tomorrow ready to go even harder.

250+ WORLD-RENOWNED COACHES

Exercisers train with an extensive combination of elite coaches – including Olympic champions, professional athletes, marathoners, physical and mental therapists, celebrities, and historians.

TRAINING WITH THE BEST

Expert coaches not only inspire to push harder during today's workout, they teach mechanics and methodology to make tomorrow's even more effective.

MORE THAN A PERSONAL COACH

Users virtually travel to unique destinations with guides who share insightful historical information that transform the workout into an engaging and educational experience

AUTO-ADJUSTING TECHNOLOGY

Each interactive workout allows the coach to remotely adjust the incline, decline, speed, and/or resistance of the machine to mirror the on-screen content, creating an immersive and engaging training experience.

WORKOUT ANYWHERE. ANYTIME.

Run, walk, or bike anywhere in the world with Google Maps. Exercisers can create a route, and iFIT will automatically adjust the machine to match the workout destination's terrain.
