<ul style="list-style-type: none"> Built-in innovations paired with the most popular features and options. Solid- and dual-color frames available. Optional triple-pane glass. Multichambered frame design is 52% stronger than ordinary vinyl.⁷ Pella's most secure vinyl patio door, with optional integrated footbolt.⁸ 	<ul style="list-style-type: none"> Exclusively sold through Lowe's and backed by Pella, a leader in the window and door industry. Long-lasting, high-quality vinyl is made from a fade-resistant formula. To reduce installation time, block frame double-hung windows come with factory-applied perimeter foam insulation and sliding patio doors come fully assembled. 	<ul style="list-style-type: none"> A brand backed by Pella at an affordable price. Exceptional energy efficiency with high-performing insulating glass. Multichambered frame and fully welded sash improve strength and thermal performance. 	<ul style="list-style-type: none"> High performance and low maintenance materials are naturally strong and durable. Fiberglass doors offer a grained look and steel provides a smooth panel. Innovative, low-maintenance frame system is rot resistant and provides years of exceptional energy efficiency. 	<ul style="list-style-type: none"> Variety of style options, including panel styles, decorative glass, grille patterns, prefinish stains and more. No two pieces of wood are identical, so each wood entry door is one-of-a-kind.

Sliding Patio Door

Hinged Patio Door

¹ Additional special shapes also available.

² Performance solutions offering an unbeatable combination of energy efficiency, sound control and value, require upgrades to triple-pane, AdvancedComfort Low-E and mixed glass thickness. Based on comparing product quotes and published STC/OITC and U-Factor ratings of leading national wood window and patio door brands.

³ Double-hung window only available with dual-pane glass.

⁴ Pella's proprietary fiberglass material has displayed superior strength over wood, vinyl, aluminum, wood/plastic composites, and other fiberglass materials used by leading national brands in tensile and 3-point bend tests performed in accordance with ASTM D638 and D790 testing standards.

⁵ Impact testing performance based on testing 10 samples of each material using ASTM D256, Method C.

⁶ Based on comparing written limited warranties of leading national wood window and wood patio door brands. See Pella written Limited Warranty for details, including exceptions and limitations, at pellaatlowes.com/warranties or contact Pella Customer Service at 877-473-5527.

⁷ Based on the force required to bend a window frame profile.

⁸ To achieve a Grade 40 rating on ASTM F842, a test for forced entry excluding glass breakage, the optional footbolt must be installed and engaged.
