Introduction and Purpose

These official rules of the EMEA Masters apply to each of the Teams who have qualified to play in the EMEA Masters tournament. These rules also apply to the Teams' Team Managers & Team Members and other employees, but apply only to official League play and not to other competitions, tournaments or organized play of League of Legends. Standardized rules benefit all parties who are involved in the professional play of League of Legends, including the Team Managers, Team Members and Teams. Rules that impact all regions can be seen here: <https://www.emea-competitiveops.com/>.

Riot Games Limited, a limited liability company registered in the Republic of Ireland, and its affiliates, has established these rules for the competitive play of League of Legends in order to unify and standardize the rules used in competitive play.

These official rules are designed solely to ensure the integrity of the system established by the League for professional play of League of Legends and a competitive balance among the Teams that play at the professional level. The terms of engagement between Team Managers, Team Members and Teams are left to each of the Teams and its Team Managers/Members.

Any dispute over the interpretation or application of these rules should be raised to the attention of the [ERL Operations team](#). The English version of these rules will supersede any translation.

1. Eligibility Requirements

1.1. Player Age

- 1.1.1. No Player shall be considered eligible to participate in any ERL or EM Match before having lived 16 full years. This shall not prevent Teams from signing Free Agents who have lived 15 full years, granted that they may not participate in an ERL and EM Match until they have lived 16 full years.
- 1.1.2. Additionally, players younger than the age of majority in their country of residence must receive parental permission to participate in any ERL or EM Match.

1.2. Residency & Representation

- 1.2.1. A Player can be an EMEA Resident (IMP) and an LTR simultaneously.
- 1.2.2. LTRs are defined as players who have fulfilled one or more of the following criteria:
 - The Player has legally resided and been primarily present in the competitive area of the ERL for no less than 36 out of the last 60 months immediately prior to their participation in the first Game of the applicable competition.
 - The Player who has been on an ERL Team Roster for the majority of applicable matches in an ERL in no less than two of the last three ERL Splits immediately prior to their participation in the first Game of the applicable competition.
 - For LEC players, if the LEC organisation operates an ERL Team Roster: The player was on the Team Roster of an LEC Team for the majority of Competition Weeks in no less than two of the last three LEC Competitive Half-Seasons prior to their participation in the first game of the applicable competition.

Additionally, a split will count towards the LTR requirement for a Player who has been on an ERL Team Roster for the majority of the Split, even if the Player has not been actively participating in the respective ERL, as long as they have not been participating in any other ERL.
- 1.2.3. If a Player can prove they have not claimed LTR status in any ERL in the past and cannot currently claim LTR status for any ERL using the clauses above, the

League may grant LTR status to the Player at their sole discretion.

- 1.2.4. A Player may only claim LTR status for the ERL region in which they are currently participating. Upon joining another ERL, the Player will have to prove their LTR status for the respective ERL or become a Non-Representative.
- 1.2.5. A Player may only be an LTR of a single ERL at any point in time. A player will not be considered a representative until they have declared themselves as an LTR to the respective ERL.
- 1.2.6. Players are not required to claim LTR status and may choose to remain a Non-Representative despite being eligible.
- 1.2.7. In order to be deemed a Resident, a Player must qualify under two possible scenarios:
 - Provisional Non-Residents:
A Provisional Non-Resident is a current Non-Resident who has begun accruing time towards becoming a Resident. A Provisional Non-Resident can become a Resident if the Player has legally resided and been primarily present in the region for no less than 48 months out of the last 72 months immediately prior to such Player's participation in the first Game of the applicable competition.
 - New Non-Residents:
A New Non-Resident is a Player who was not on the Team Roster of a Team in the Professional or Accredited League nor relocated to that region for the goal of training in those Leagues between May 11th, 2015 and August 1st 2016. After that date, a Player will be considered a New Non-Resident and unable to obtain residency only by staying within the region for 8 out of the last 12 Splits.

A New Non-Resident Player must obtain lawful permanent resident status in the region the Player participates in.
- 1.2.8. A Player may only be a Resident of one single region at any point in time. Upon joining a Team's Roster, a Player will be considered a Non-Resident until and unless they declare themselves a Resident and meet the standards set forth in this rule. A Player who has lawful permanent resident status in multiple regions cannot be a Resident of two regions simultaneously per this rule. Once a Player declares residency in one region in which they are eligible, in order to switch residency to the other region, they must have participated in at least 50% of Regular Season Matches of their Team within that region in its most recent Split.
- 1.2.9. Players may prove Residency and LTR eligibility by submitting documentary evidence of eligibility. There are two general categories of evidence: government-issued documentation (e.g., government benefits records, military/draft registration papers) and private documentation (e.g., school records,

deeds, leases, homeowner association documents, utility bills, bank records/statements, tax returns, insurance documents, medical records & employment records).

Minors may also have a parent or guardian prove Residency or LTR status on their behalf by first, providing documentary evidence of the parent-/guardian-child relationship (e.g., a birth certificate) and second, submitting documentary evidence belonging to the parent/guardian, as outlined above.

1.3. Team Member Services Agreement

- 1.3.1. For any contractual agreement signed between a Team Member and an ERL Team, the contract needs to adhere to and be governed by applicable local laws.
- 1.3.2. For Accredited ERLs: Team Members are required to have a Team Member Service Agreement with their respective Teams.

1.4. Player Eligibility

- 1.4.1. Players who played in thirteen or more LEC Matches in the Competitive Half-Season are ineligible to participate in the EM event for the current Competitive Half-Season.
- 1.4.2. Players contracted to a non-LEC organisation in any Professional League, as defined by their ability to qualify for the World Championship Event (LCS, LCK, LPL, PCS etc.), are strictly forbidden from engaging in the EMEA Masters.
- 1.4.3. Team Members who are not part of GCD (for Accredited ERLs) or EPD (for Non-Accredited ERLs) are not eligible to participate in the EMEA Masters.

1.5. No Riot Employees

- 1.5.1. Team Owners and Team employees may not be employees of Riot Games Inc., Riot Games Limited, League of Legends European Championship Limited, or their affiliates (“Riot Entities”); or employees of the Tournament Organiser or its respective affiliates. “Affiliate” is defined as any person or other entity which owns or controls, is under the ownership or control of, or is under common ownership or control, with the named Riot Entities or Tournament Organiser. “Control” shall mean the power, through any means, to determine the policies or management of an entity, whether through the power to elect, appoint or approve, directly or indirectly, the directors, officers, managers or trustees of such entity or otherwise.

1.6. Eligibility & Release Forms

- 1.6.1. Team Members will be sent a player eligibility and Release Form by EM Officials. This form will inform the Team Member of what information, including personal information, that the League will collect and process for use on broadcast, social media and player movements.

2.1. Ownership Restrictions

- 2.1.1. In order to preserve the integrity of official League play, the Team Managers, or affiliates thereof, shall not have an interest in more than one ERL Team participating in a ERL or/and EM, as defined below:

An “Interest” in or with a ERL Team means any of the following: (i) a direct or indirect financial interest in, or financial relationship with, such ERL Team, whether by legal or beneficial ownership, control, contractual relationship, loan agreement, or otherwise (including, for the avoidance of doubt, any buyback provision, right of first purchase, voting rights agreement, lien, deferred, reversion or security interest); or (ii) status as an officer, director, employee, stockholder, owner, affiliate, representative, agent, consultant, or advisor of such ERL Team, or any other role whereby a person participates, directly or indirectly, in the financing, operation, marketing, or management of such ERL Team or its assets.

Notwithstanding the foregoing, it shall not be considered a violation of Rule 2.1.1 for a Team Manager to have ownership in a common entity or venture that is not a ERL Team, with another Team Manager (a “Common Undertaking”) that would otherwise constitute an Interest subject to this rule; provided, however, that such interests comprise (i) a solely passive ownership interest in less than ten percent of the capital stock of such Common Undertaking, (ii) such Team Managers do not undertake any operating role (including as an officer, director, employee, representative, agent, consultant, or advisor, etc.) with, and otherwise has no ability to control or exercise influence over such Common Undertaking, and (iii) such Team Manager has provided written notice to the League of such ownership in a Common Undertaking five business days in advance of such investment.

- 2.1.2. An Organisation or Team may only own one ERL Team across all ERLs.
- 2.1.3. Organisations or Teams are only allowed to participate in one ERL per Season. Any changes can only take effect between Seasons and must follow the procedures and timeline outlined by the ERL Officials. An Organisation or Team must receive approval from both the future ERL Officials and League Officials for the change to occur. If an Organisation or Team is relegated from their ERL top division, they shall not acquire the place of another top division ERL Organisation or Team for the duration of one Season within that same ERL top division, unless exceptional prior written approval from ERL Officials and League Officials is obtained.
- 2.1.4. Unless otherwise permitted in writing by LEC Officials, from the Organisations or Teams belonging to the Professional Esports Leagues (cf. section 11 below, Glossary & Exhibits), LEC Organisations or Teams are the only Organisations or Teams permitted to own and operate an ERL Team. Unless permitted in writing by LEC Officials in advance, no individual who, directly or indirectly, is an Owner of a professional Organisation or Team, can also own and operate an ERL Team.

2.2. Recognition of Ownership

- 2.2.1. The League shall have the right to make final and binding determinations regarding Team ownership, issues relating to the multiple Team restriction and other relationships that may otherwise have an adverse impact on the competitive integrity of the ERL. Any person that petitions for ownership into the ERL can be denied admission at the sole discretion of the League. Team Owners agree that they will not contest any final determination of the League in connection therewith.
- 2.2.2. If an Owner is found to have any financial interest or benefit or any level of influence in another Team, the Owner will be required to immediately divest said interest in one of the two Teams and may be subject to punishment by the League.
- 2.2.3. Ownership of a Team competing in an ERL or EM should be clearly indicated by the Starting Line-up or Organisation to ERL officials.

3. Team Rosters

3.1. Team Roster Requirements

- 3.1.1. Teams are required to maintain at least six Players (five Starters and a minimum of one and a maximum of two Substitutes) as their EM Team Roster during the entirety of the EM event.
- 3.1.2. Teams will be required to have a minimum of three LTRs and four EMEA Residents (IMP) in their Team Roster at all times. In the Starting Line-up, Teams are required to have a minimum of two LTRs and three EMEA Residents at all times.
- 3.1.3. An EM Starting Line-up cannot include more than two Veterans at a time.

3.2. Team Roster Modification

- 3.2.1. Teams will be required to finalize and submit their Team Roster (Starting Line-up, Substitutes, Coaches) for their regional ERL Playoffs Roster Lock to their regional ERL TO, no later than the ERL Playoffs Roster Lock deadline indicated by their ERL TO. The Team Roster submitted or known to regional ERL Officials at this time will be considered the eligible Team Roster for the EM Summer event.
- 3.2.2. Each Team must appoint a single point of contact which is responsible for the communication between the EM Officials and the Team.
- 3.2.3. Requests to modify a Starting Line-up for the Team's first match on the first day of the **Play-In Group Stage** may not be submitted any later than 5:00pm CEST on 14 April 2024. Requests must be made by the designated Team's point of contact. Requests to modify a Starting Lineup for a Team's first Match on any other day of that stage must be submitted no later than 11:00pm CEST or fifteen minutes after the conclusion of the final Game of the day prior to the Team's Match, whichever is the latest.
- 3.2.4. For the **Play-In Knockout Stage**, Teams must submit any changes to their Starting Line-up no later than 11:00pm CEST or fifteen minutes after the conclusion of the final Game of the day prior to the Team's Match, whichever is the latest.
- 3.2.5. For the **Group Stage**, requests to modify a starting lineup for the Team's first match on the first day may not be submitted any later than 5:00pm CEST on 18 April 2024. Requests must be made by the designated Team point of contact. Requests to modify a Starting Line-up for a Team's first Match on any other day of that stage must be submitted no later than 11:00pm CEST or fifteen minutes after the conclusion of the final Game of the day, whichever is latest, the day prior to the Team's Match, unless there are no Games the next day. If that's the case then the Starting Line-up submission is due on the day prior to the Match, at 5:00pm CEST.

- 3.2.6. For the Knockout Stage (Quarterfinals, Semifinals, and Finals), Teams will be required to submit their Starting Line-up for Game 1 no later than 5:00pm CEST on the day prior to their Match.

3.3. Substitutions

- 3.3.1. Player Substitutions have to result in Teams having eligible Team Rosters. To clarify, a suspended player cannot be a Substitute.
- 3.3.2. If a Team wishes to substitute Players after the Team's first Match on a given day, those substitutions must be declared to EM Officials before the start of the next scheduled Game, as defined as the start of the Pick-&-Ban Phase. To be clear, the next scheduled Game means the next game scheduled to be broadcasted, not the next Game scheduled for the Team wishing to make the change.
- 3.3.3. A Team may substitute a Player between Games of a Match (i.e. between Games of a best-of-three or best-of-five) or between Games in the best-of-one rounds given any of the Teams participating is playing back to back Games. The Team must notify an EM official and have the Substitution approved, no later than 5 minutes after the conclusion of the previous Game.
- 3.3.4. In the event of an emergency on the day of the Match, a Team will be given up to one hour to find an immediate Substitute from their Team Roster for a Game. If a replacement cannot be found, the Team will forfeit. EM Officials will determine if an event qualifies as an emergency.
- 3.3.5. In the event of an emergency prior to the day of the Match, a Team may be given up to 48 hours to sign a new Player to their Team Roster. The exact time given to the Team will be decided based on the proximity to the Team's Match and will be at the sole discretion of the EM Officials. Teams will be required to abide by the following restrictions in order to sign new Players:
 - 3.3.5.1. Must not have been declared as a Team Member on the regional ERL Roster Lock for the preceding ERL Playoffs.
 - 3.3.5.2. Must not have played professionally in the previous LEC Competitive Half-Season.
 - 3.3.5.3. The signed contract with the new Player must end before the upcoming Free Agency Opening.
 - 3.3.5.4. The newly signed Player will be allowed to participate for the duration of the emergency. The signing Team will be required to provide necessary evidence to the EM officials.
- 3.3.6. For any offline stages, Teams must have at least one Substitute physically present at all times.

3.4. Coaches

- 3.4.1. Teams may register a Head Coach in their Team Roster. In addition, Teams may register up to three other Coaches as either Strategic Coaches, Assistant

Coaches or Performance Coaches.

3.4.2. Online

3.4.2.1. Up to two of Team's registered Coaches or Substitutes are eligible to participate in the Pick-&-Ban Phase of the Team's official Games.

3.4.2.2. Teams may have a Coach in Team's voice channel for every Game that the Team participates in. Additionally, Teams can have a second Coach in Team's voice channel for their Games. Once the Pick-&-Ban process has been completed all present Coaches need to mute themselves in order to stay in the voice channel.

3.4.3. Offline

3.4.3.1. Teams are required to have a Head Coach on-stage during the Pick-&-Ban Phase for every Game that the Team participates at the EM venue. Additionally, Teams can have an optional second Coach on-stage for their Games. The second Coach can either be a registered Coach or a substitute for the Team.

3.4.4. In the event of a verified emergency, the Team can designate an interim Coach. Whether or not an event qualifies as an emergency is determined at the sole discretion of the EM Officials.

3.5. ERL Team Roster Eligibility

3.5.1. Team Rosters declared by Teams for their respective ERL Playoffs will be the Team Rosters eligible for the EMEA Masters event. Teams will not be able to add any new Players & Coaches past the regional ERL Playoffs Roster Lock.

3.5.2. If there are multiple claims for a single slot in the EM, the slot is held by the Team which can field the higher number of Starters from the qualifying Team Roster. If the number of Starters is equal between those Teams, the Team with the higher number of Substitutes from the qualifying Team Roster will be granted the slot. If the number of Substitutes is also equal, the total number of Games all Players played in the respective qualifying event will be the tiebreaker.

4. Competition Schedule & Draw Process

4.1. Schedule

- Play-In Groups (15 & 16 April 2024)
- Play-In Knockout (17 April 2024)
- Group Stage (19 & 20 April 2024)
- Quarter Finals (22 & 23 April 2024)
- Semi Finals (25 & 26 April 2024)
- Finals (28 April 2024)

4.2. Draw Process

4.2.1. **Play-In Group Stage.** Teams are split into four predetermined pools:

- Pool 1: LFL #3, TCL #3, NLC #2, LIT #2;
- Pool 2: AL #1, GLL #1, LPLOL #1, HM #1;
- Pool 3: EBL #1, ESLOL #1, AL #2, GLL #2;
- Pool 4: LPLOL #2, HM #2, EBL #2, ESLOL #2;

4.2.1.1. Teams within each pool will be assigned a number from 1 to 4, then these numbers will be drawn using random.org.

4.2.1.2. Teams will be placed into groups from A to D in the order they are drawn, one pool at a time. Pools will be drawn from in the order 1 to 4.

4.2.1.3. Teams from the same region cannot be placed into the same group. In case they are drawn in the same group, they will be moved to the next eligible group (A>B>C>D).

4.2.1.4. To avoid invalid draws, a Team may be placed in a group other than the first valid group for them, to avoid an invalid draw for the remaining Teams. In this situation, the Team will be placed into the next valid group in alphabetical order. This rule shall only be utilised if placing a Team in the first valid group has the possibility of causing an invalid draw later on.

4.2.2. **Play-In Knockout Stage.** Teams are split into two pools.

- Pool 1: #1 seeds from Groups A - D
- Pool 2 : #2 seeds from Groups A - D

4.2.2.1. Teams within each pool will be assigned a number from 1 to 4, these numbers will be drawn using random.org.

4.2.2.2. Teams will be placed into the bracket in the order they are drawn, one pool at a time. Pools will be drawn from starting with Pool 1.

4.2.2.3. Teams from the same Group from the Play-In Group Stage, cannot meet in the Play-In Knock-out Stage.

4.2.2.4. Teams from the same region will not face each other in the Play-In Knock-out Stage where possible. This rule will be disregarded where it creates an invalid draw. The priority will always be Teams from the same Play-In Group not facing, over Teams from the same ERL not facing in the Play-In Knock-out Stage.

4.2.3. **Group Stage.** Teams are split into four predetermined pools.

- Pool 1: LFL #1, PRM #1, SL #1, TCL #1;
- Pool 2: NLC #1, LIT #1, UL#1, LFL #2;
- Pool 3: PRM #2, SL#2, TCL #2, UL #2;
- Pool 4: 4 Teams advancing from the Play-In Stage

4.2.3.1. Teams within each pool will be assigned a number from 1 to 4, then these numbers will be drawn using random.org.

4.2.3.2. Teams will be placed into groups from A to D in the order they are drawn, one pool at a time. Pools will be drawn from in the order 1 to 4.

4.2.3.3. Teams from the same region cannot be placed into the same group. In case they are drawn in the same group, instead they will be moved to the next eligible group (A>B>C>D).

4.2.3.4. A Team may be placed in a group other than the first valid group for them, to avoid an invalid draw for the remaining Teams. In this situation, the Team will be placed into the next valid group in alphabetical order. This rule shall only be utilised if placing a Team in the first valid group has the possibility of causing an invalid draw later on.

4.2.4. **Knockout Stage.** Teams are split into two pools.

- Pool 1: #1 seeds from Groups A - D
- Pool 2 : #2 seeds from Groups A - D

4.2.4.1. Teams within each pool will be assigned a number from 1 to 4, these numbers will be drawn using random.org.

4.2.4.2. Teams will be placed into the bracket in the order they are drawn, one pool at a time. Pools will be drawn from starting with Pool 1.

4.2.4.3. Teams from the same Group from the Group Stage, cannot meet in the Knock-out Stage before the Finals.

For example, #2 seed from Group A gets placed into a matchup with the #1 seed from group A resulting in an ineligible draw. Thus, #2 seed from Group A moves over to the next eligible matchup to ensure they don't face #1 seed from Group A until the Finals.

The next draw would be placed into the original matchup, in this case vs #1 seed from group A.

- 4.2.4.4. Teams from the same region will not face each other in the Quarter Finals where possible. This rule will be disregarded where it creates an invalid draw. The priority will always be Teams from the same Group not facing until Finals over Teams from the same region not facing in Quarter Finals.
- 4.2.4.5. The remainder of the tournament will progress as a single elimination bracket, no more draws will take place.

5. Competition Format

5.1. Play-In Group Stage

- 5.1.1. The first round of the EM event will be a best-of-one double round robin amongst the four play-in groups. The sixteen qualified Play-In Teams will be split into four groups of four Teams each prior to EM. Each Team will play the other three Teams in their group twice, non-consecutively.
- 5.1.2. Each Team will play on each side once against each opponent.
- 5.1.3. Tiebreaker Games will be played immediately following the final Game of the Play-In Group Stage for the respective group. Side selection for all tiebreaker Games will be determined by cumulative times of all the victories for the individual Teams, even in a two-way tiebreaker. The Team with the lowest cumulative victory time will be considered the superior seed, and will be given the selection.
- 5.1.4. Two-way tie: If two Teams are tied within their group after the Play-In Group Stage, head to head record will be used as the first tiebreaker. If the two Teams have an identical head-to-head record, then the Teams will play one tiebreaker Game to determine the final standings. No tiebreaker Game will be played if the tiebreaker would not decide either the first or second place position in the group (i.e. if the third and the fourth place Teams in a group are in a two-way tie with each other, no game will be played).
- 5.1.5. Three-way tie: If three Teams are tied, the head-to-head record of all Teams involved in the tie against all other Teams involved in the tiebreaker will be considered. There are five possible combinations of records in a three-way tiebreaker, each of which are considered below:
 - 5.1.5.1. Each Team in the tiebreaker has a combined record of 2-2 against each of the other Teams in the tie. In this case, the Teams with the two slowest cumulative victory times based on all victories in the Play-In Group Stage will play one tiebreaker Game. The loser of that Game will be awarded the lowest standing being decided by the tiebreaker and the winner of that Game will play a single tiebreaker Game against the Team with the fastest cumulative victory time based on all victories in the Play-In Group Stage. The winner of that second tiebreaker Game will be awarded the highest standing being decided by the tiebreaker, and the loser of the Game will be awarded the remaining standing.
 - 5.1.5.2. One Team has an aggregate record of 3-1, the next Team is 2-2 and the third Team is 1-3. In this case, the Teams with the 2-2 and 1-3 records will play one tiebreaker Game. The loser of that Game will be awarded the lowest standing being decided by the tiebreaker and the winner of that Game will play a single tiebreaker Game against the 3-1 Team. The winner of that second tiebreaker Game will be awarded the

highest standing being decided by the tiebreaker, and the loser of the Game will be awarded the remaining standing.

- 5.1.5.3. Two Teams have an aggregate record of 3-1 and the third Team has an aggregate record of 0-4. The Team that is 0-4 is awarded the lowest standing being decided by the tiebreaker and a new tiebreaker is declared amongst the two Teams with an aggregate record of 3-1 utilising the two-way tie procedure set forth above.
- 5.1.5.4. One Team has an aggregate record of 4-0 and the other two Teams have an aggregate record of 1-3. The Team that is 4-0 is automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker), and a new tiebreaker is declared amongst the two Teams with an aggregate record of 1-3 utilising the two-way tie procedure set forth above.
- 5.1.5.5. One Team has an aggregate record of 4-0, the next Team has an aggregate record of 2-2 and the third Team has an aggregate record of 0-4. The Team that is 4-0 is automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker), the 2-2 Team is awarded the second highest seed available (since it would win the head-to-head tiebreaker against the 0-4 Team), and the 0-4 Team is awarded the lowest seed available in the tiebreaker.
- 5.1.6. Four-way tie: The Teams will be drawn into a single elimination bracket based on the cumulative times of all the victories for the individual Teams. Teams play Bo1 matches throughout the bracket. The seeds will be given in order to the Teams that won their games in the shortest amount of game time. The four Teams will be split into two first-round Matches; the #1 seed will face the #4 seed, while the #2 seed will face the #3 seed. The winners of the first round Matches will face off in Game 3, and the winner will be declared the winner of the group and will advance to the Play-In Knockout Stage.
- 5.1.7. Tiebreaker Games for 3rd and 4th position in the Play-In Group Stage will not be played. In the event that the third and fourth place Teams in any particular group in the Play-In Group Stage are tied, the head-to-head record will be used as the first tiebreaker. If their head-to-head record is tied, such that a clear division cannot be made between the third and fourth place Team in any group, the Teams will end the tournament tied for 3rd of their Group.

5.2. Play-In Knockout Stage

- 5.2.1. The top two Teams in each of the four groups will advance to the Play-In Knockout Stage.
- 5.2.2. Each of the four Play-In Knockout Matches will be played as best-of-three. The winners will qualify for the Group Stage.

5.3. Group Stage

- 5.3.1. The four Teams advancing from the Play-In stage will join the 12 pre-qualified Teams in the Group stage. This stage will be a best-of-one, double round robin. The sixteen Group stage Teams will be split into four groups of four Teams each upon completion of the Play-In stage. Each Team will play the other three Teams in their group twice, non-consecutively.
- 5.3.2. Each Team will play on each side once against each opponent.
- 5.3.3. Tiebreaker Games will be played immediately following the final Game of the Group Stage for the respective group. Side selection for all tiebreaker Games will be determined by cumulative times of all the victories for the individual Teams, even in a two-way tiebreaker. The Team with the lowest cumulative victory time will be considered the superior seed, and will be given the selection.
- 5.3.4. Two-way tie: If two Teams are tied within their group after the Group Stage, head to head record will be used as the first tiebreaker. If the two Teams have an identical head-to-head record, then the Teams will play one tiebreaker Game to determine the final standings. No tiebreaker Game will be played if the tiebreaker would not decide either the first or second place position in the group (i.e. if the third and the fourth place Teams in a group are in a two-way tie with each other, no game will be played).
- 5.3.5. Three-way tie: If three Teams are tied, the head-to-head record of all Teams involved in the tie against all other Teams involved in the tiebreaker will be considered. There are five possible combinations of records in a three-way tiebreaker, each of which are considered below:
 - 5.3.5.1. Each Team in the tiebreaker has a combined record of 2-2 against each of the other Teams in the tie. In this case, the Teams with the two slowest cumulative victory times based on all victories in the Group Stage will play one tiebreaker Game. The loser of that Game will be awarded the lowest standing being decided by the tiebreaker and the winner of that Game will play a single tiebreaker Game against the Team with the fastest cumulative victory time based on all victories in the Group Stage. The winner of that second tiebreaker Game will be awarded the highest standing being decided by the tiebreaker, and the loser of the Game will be awarded the remaining standing.
 - 5.3.5.2. One Team has an aggregate record of 3-1, the next Team is 2-2 and the third Team is 1-3. In this case, the Teams with the 2-2 and 1-3 records will play one tiebreaker Game. The loser of that Game will be awarded the lowest standing being decided by the tiebreaker and the winner of that Game will play a single tiebreaker Game against the 3-1 Team. The winner of that second tiebreaker Game will be awarded the highest standing being decided by the tiebreaker, and the loser of the Game will be awarded the remaining standing.

- 5.3.5.3. Two Teams have an aggregate record of 3-1 and the third Team has an aggregate record of 0-4. The Team that is 0-4 is awarded the lowest standing being decided by the tiebreaker and a new tiebreaker is declared amongst the two Teams with an aggregate record of 3-1 utilising the two-way tie procedure set forth above.
- 5.3.5.4. One Team has an aggregate record of 4-0 and the other two Teams have an aggregate record of 1-3. The Team that is 4-0 is automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker), and a new tiebreaker is declared amongst the two Teams with an aggregate record of 1-3 utilising the two-way tie procedure set forth above.
- 5.3.5.5. One Team has an aggregate record of 4-0, the next Team has an aggregate record of 2-2 and the third Team has an aggregate record of 0-4. The Team that is 4-0 is automatically granted the highest seed available in the tiebreaker (therefore winning the tiebreaker), the 2-2 Team is awarded the second highest seed available (since it would win the head-to-head tiebreaker against the 0-4 Team), and the 0-4 Team is awarded the lowest seed available in the tiebreaker.
- 5.3.6. Four-way tie: The Teams will be drawn into a single elimination bracket based on the cumulative times of all the victories for the individual Teams. Teams play Bo1 matches throughout the bracket. The seeds will be given in order to the Teams that won their games in the shortest amount of game time. The four Teams will be split into two first-round Matches; the #1 seed will face the #4 seed, while the #2 seed will face the #3 seed. The winners of the first round Matches will face off in Game 3, and the winner will be declared the winner of the group and will advance to the Play-In Knockout Stage.
- 5.3.7. Tiebreaker Games for 3rd and 4th position in the Main Event Group Stage will not be played. In the event that the third and fourth place Teams in any particular group in the Main Event Group Stage are tied, the head-to-head record will be used as the first tiebreaker. If their head-to-head record is tied, such that a clear division cannot be made between the third and fourth place Team in any group, the Teams that are tied will have their Prize Pool totalled and split evenly between both Teams (when applicable).
 - 5.3.7.1. For example, in the Main Event Group Stage, if the 3rd place Team in Group B is 1-5 (one win and 5 losses) and the 4th place Team in Group B is also 1-5 (one win and 5 losses), these two Teams will each receive a total Prize Pool of EUR 3250 $((4000+2500)/2)$.

5.4. Knockout Stage

- 5.4.1. Quarter Finals: Each of the four quarterfinal matches will be played as best-of-five matches. The winners of the Quarterfinal matches on each side of the bracket will face off in the Semifinals.

- 5.4.2. Semi Finals: The Semi finals will consist of two best-of-five matches between the winners of the Quarter finals matches. The winners of each Semi final match will face off in the Finals.
- 5.4.3. Finals: The final round of the tournament will consist of one best-of-five match between the winners of the Semifinals. The winner of the Finals will be considered the EM Champion for the current split.

The team point of contact will inform the EM officials of their selection.

9.1.6. EM Officials can shift these deadlines at their discretion by informing affected Teams. Failure to designate Side Selection before the respective deadline will result in a default selection of blue side.

9.2. Tournament Realm and Live Accounts

9.2.1. Players will use accounts previously provided to them by the ERL Officials for ERL Matches and fall under the regulations defined in the ERL Rulebook. It is the Players' responsibility to configure their account to their preferences.

9.3. Patch

9.3.1. The Tournament Realm patch will be communicated by EM Officials to participating EM Teams before the tournament starts.

9.3.2. Champions will be automatically restricted from play for their release patch. Champions that have undergone reworks will be enabled at the sole discretion of the League.

9.4. Scheduling

9.4.1. EM Officials may, at their sole discretion, modify the schedule of Matches. In the event of a schedule modification the EM Officials will notify all Teams at the earliest convenience.

9.4.2. For Offline events: Players participating in the EM event must arrive on-site and on-stage no later than the time specified by the EM Officials.

9.5.1. Referees will oversee the EM matches, including the following:

- Checking the Team's Starting Line-up before the Match.

- Checking and monitoring Player peripherals and Match Areas.
- Announcing the beginning of a Game.
- Ordering pause/resume during a Game.
- Issuing penalties in response to rule violations during the Match.
- Confirming the end of a Match and its results.

9.5.2. At all times, Referees shall conduct themselves in a professional and impartial manner. No passion or prejudice shall be shown towards any Player, Team, Team Manager, Coach or other individual.

9.5.3. If a Referee makes an incorrect judgement, the judgement can be subject to reversal. EM Officials, at their discretion, may evaluate the decision during or after the Match to determine if the proper procedure was implemented. If the proper procedure was not followed, EM Officials reserve the right to invalidate the Referee's decision. EM Officials will always maintain a final say in all decisions set forth throughout the EM competition.

9.6. Readiness

9.6.1. All Players will be expected to be ready to join the game-lobby at the time specified by the EM Officials. Readiness includes but is not limited to, all five Players on the Starting Line-up having completed client patching and the configuration of in-game settings.

9.6.2. Tournaments held on a rolling schedule will have estimated Match start times. Teams are required to be available to play their Match up to 90 minutes in advance of their estimated time, or as otherwise directed by EM Officials.

9.7. Punctuality

9.7.1. Players participating in the EM event must arrive at the designated Match area no later than the time specified by the EM Officials.

9.7.2. All Teams are required to be fully ready for their Matches in the respective Game Lobby at least 5 minutes before the official Game Time.

9.7.3. During the Play-Offs all Teams are required to be fully ready for their Matches in the respective Game Lobby at least 5 minutes before the official Game Time for Game 1 of each Match. For all following Games within one Match Teams are required to be fully ready at least 2 minutes before the official Game Time.

9.7.4. If a Team is not fully ready at the aforementioned times, the EM Officials may issue a penalty at their own discretion.

9.7.5. If a Team or any of their Players does not show up in time for any of their Matches, as defined by the aforementioned rule, due to a force majeure, Teams must inform EM Officials immediately. EM Officials may postpone, suspend or cancel the Game or Match at their sole discretion.

9.7.6. If a Match is postponed, it will be rescheduled to a date within the same or the

following week, unless another agreement can be found among Teams and EM Officials. The exact Match date will be communicated by EM Officials at the earliest convenience.

9.8. Lateness Penalties

- 9.8.1. Teams that are not ready at the 10 minute mark of the preceding game (or 30 minutes before the start of the first Match of the day) are subject to late penalties. A Team will lose their first ban after 5 minutes have elapsed from the 10 minute mark. A Team will lose another ban after 10 minutes have elapsed. A Team will lose all their bans after 15 minutes have elapsed. A Team will be subject to forfeiture if 25 minutes have elapsed since the 10 minute mark was reached or when the preceding Game has completed - whichever is longer. Intentionally delaying the game-lobby or Game start will still subject the Team to the rules set forth in this section.

9.9. Pick-&-Ban Phase

- 9.9.1. Once all ten Players report to the official game lobby, an EM Official will request confirmation that both Teams are ready for the Pick-&-Ban Phase. Once both Teams confirm readiness, an EM Official will instruct the game-lobby owner to start the Game.
 - For Offline events: Coaches will be granted on-stage access and will be allowed to communicate with the Players during the Pick-&-Ban Phase. Coaches will exit the stage to a designated position once the countdown timer has reached five seconds during the trading phase and if applicable, will be muted once the timer has reached zero seconds.
- 9.9.2. If a Player disconnects during the Pick-&-Ban Phase, punctuality rules will apply. If the Player reconnects to the lobby in time, the Pick-&-Ban Phase will continue from the state where the latest pick or ban is locked.
- 9.9.3. The Pick-&-Ban Phase will be executed through the Client's Tournament Draft feature. At the discretion of EM Officials, the Pick-&-Ban Phase may be recorded and the Game's start aborted.
- 9.9.4. Game Settings:
 - Map: Summoner's Rift
 - Team Size: 5
 - Allow Spectators: Lobby Only
 - Game Type: Tournament Draft
- 9.9.5. EM Officials may choose to employ either the Tournament Draft feature or a manual draft at their discretion.
- 9.9.6. Restrictions may be added at any time before or during a Match if there are known bugs with any Gameplay Elements or for any reason as determined at the discretion of EM Officials.
- 9.9.7. Draft mode proceeds in a snake draft as follows:
 - Blue Team = A; Red Team = B

- Bans: ABABAB
- Picks: ABBAAB
- Bans: BABA
- Picks: BAAB

9.9.8. If a Player picks or bans a Champion by mistake in the Pick-&-Ban Phase, the Player must notify an EM Official of their intended selections (if applicable), and disband the lobby immediately before the next selection has locked. In this case, the Pick-&-Ban Phase will be restarted with the same Picks and Bans up until the mistake occurred and the Player may correct the mistake. In the case the other Team has locked in their next selection, before the Player notifies an EM Official, the Pick-&-Ban Phase will not be restarted and the mistakenly selected Champion stays locked in.

9.9.9. Teams must complete all Champion trades before the 20-second mark during the Trading Phase or will be subject to penalties.

9.10. Game Start

9.10.1. A Game will start immediately after the Pick-&-Ban Phase is complete, unless otherwise stated by an EM Official. Players are not allowed to quit a Game after the completion of the Pick-&-Ban Phase.

- EM Officials will remove any printed materials from the Match Area, including any notes written by Team Members.

9.10.2. If there is an error in the Game Start, or an EM Official decides to separate the Pick-&-Ban Phase and the Game starts, the Blind Pick feature may be used at the discretion of the EM Officials. All Players will select Champions in accordance with the valid completed Champion selections.

9.10.3. If a Bugspat, disconnect or any other failure occurs which interrupts the loading process and prevents a Player from joining a Game, the Game must be immediately paused until all Players are connected.

9.11. Pause

9.11.1. If a Player intentionally disconnects without notifying an EM Official or pausing, the EM Official is not required to enforce a pause.

- During any pause, Players may not leave the Match Area unless authorized and accompanied by an EM Official or a Referee.

9.11.2. EM Officials may order to execute a pause of a Game at their sole discretion.

9.11.3. Players may only pause a Game immediately following an Unintentional Disconnect, hardware/software malfunction or physical interference and must notify an EM Official immediately and identify the reason.

9.11.4. Minor Player illness, injury, or disability is not an acceptable reason for a Player pause. In the case of an underlying and/or pre-declared medical condition the Player may however inform an EM Official prior to the Match, who may then grant a pause during the Match in order to evaluate the issue and to determine whether

the Player is ready, willing, and able to continue playing within a reasonable period of time, as determined by the EM Official, but not to exceed a few minutes. If the EM Official determines that the Player is not able to continue playing within such a reasonable period of time, then the Player's Team shall forfeit the Game unless an EM Official determines that the Game is subject to an Awarded Game Victory at the EM Officials's discretion.

- 9.11.5. If applicable - If an EM Official observes a condition or behaviour, is notified by a Team or otherwise has a good faith belief that leads the official to believe that a Player is medically unfit to play or continue play, the EM Official may, in his/her sole discretion, grant a pause, not to exceed ten minutes, in order to evaluate the identified Player.

If EM Officials determine that a Player needs to be examined by medical officials, such Player must receive medical clearance to play or continue play.

Such Players may refuse medical exam or care, but in such a situation they will lack requisite medical clearance and will not be able to play or continue to play.

If a Player is rendered unable to play or continue to play because of a lack of medical clearance, or if the Team is unable to field a roster that is compliant with these Rules, the Team shall forfeit the Game unless an EM Official, at their sole discretion, determines that the Game is subject to an Awarded Game Victory.

- 9.11.6. Players are not permitted to resume the Game after a pause. After clearance from an EM Official is issued and all Players are notified and ready, which will be contingent on confirming through in-game chat, the in-client spectators will un-pause the Game.
- 9.11.7. If a Player pauses a Game without a valid reason as outlined above, or un-pauses a Game without permission from an EM Official, it will be considered unfair play and penalties will be applied at the discretion of the League.
- 9.11.8. For Offline events: For the fairness of all competing Teams, Players are not allowed to communicate with each other during a pause. For the avoidance of doubt, Players may communicate to the Referee, but only in order to identify and remedy the cause for the pause. If a pause extends long enough, Referees may, at their discretion, allow Teams to talk before the Game is un-paused, in order to discuss the Game's conditions.

9.12. Pause Allowance & 5v5 Play

- 9.12.1. Teams may pause the Game for a maximum of 10 minutes over the course of a single Game, or 20 minutes over the course of a best-of-three Match, or 30 minutes over the course of best-of-five Match to resolve issues affecting their gameplay. These issues include but are not limited to: FPS drops, connection issues, peripherals or other hardware not working properly, possible in-game bugs that critically affect gameplay or put the Team at a significant disadvantage.

Pausing beyond allowance time will be considered unfair play and penalties will

be applied at the discretion of EM Officials. EM Officials may ask the Team to immediately resume the Game if there has been a minor issue and after reasonable steps are taken to remedy the situation or if the impact on the Game is deemed minimal. EM Officials will also ask the Team to immediately resume the Game if the pause is deemed unauthorized.

- 9.12.2. Teams are required to field a full team of five Players to start a Match. If a Player disconnects during a Game, a Team may continue to play after the pause allowance is exhausted to attempt to complete the Game.

9.13. Post-Game Process

- 9.13.1. EM officials will confirm and record the Game's result.
- 9.13.2. Players will inform EM Officials of any tech issues.
- 9.13.3. Referees may log into Player Accounts to join the next Game's lobby.
- 9.13.4. EM officials will inform Players of the remaining time before the next Game's Pick-&-Ban Phase. Pick-&-Ban Phase will commence as scheduled even if a Team is not fully present in the Match Area. If only a single Player of a Team is present when the Pick-&-Ban Phase begins, this Player may determine all Picks and Bans for the Team. If no Player from a Team is present in the Match Area when the Pick-&-Ban Phase begins that Team shall be deemed to have forfeited the Game.
- 9.13.5. Results of Forfeiture. Matches won by forfeit will be reported by the minimum score it would take for one team to win the Match (e.g. 1-0 for best-of-1 Matches, 2-0 for best-of-three Matches, 3-0 for best-of-five Matches). No other statistics will be recorded for forfeited Matches.

9.14. Post-Match Process

- 9.14.1. EM officials will confirm and record the match result.
- 9.14.2. Players will be informed of their current standing in the competition, including their next scheduled match.
- 9.14.3. Players will be informed of any post-match obligations, including, but not limited to, media appearances, interviews, or further discussion of any Match matters. Teams will be required to make available to the media for a minimum of 20 minutes at least two Players that started any Game that day, regardless of Team victory or defeat.

10. Online Match Process

10.1. Equipment

- 10.1.1. Players will be expected to provide all of their own equipment. This includes, but is not limited to: computers, keyboards, mice, and voice programs. As the Matches will not be played on an offline server, Players will also need to account for their own DDOS and other computer protection. Exclusive responsibility for protection will fall upon the Players and Teams. Additionally, the stability of the Player's hardware and internet connection are the responsibility of the Player. In the event that a Game is played on the live server and not the Tournament Realm both Teams will be required to use the default skins for their selected Champions.
- 10.1.2. A problem with player equipment is not an acceptable reason for lateness or pausing beyond a team's allowance, regardless of the root cause of the problem. Only five players per team are allowed in the game lobby. No additional spectators are permitted for any reason.

10.2. Team or Player Video Feed

- 10.2.1. Team or Player video feed will be required for the Quarterfinals stage and onwards. The live feed of the Team or Players will be used by EM Officials to ensure fair play at all times during the competition.
- 10.2.2. The regulations around Team or Player video feed will be adjusted based on the stage of the competition. See the EMEA Masters Competition Guide for more information.
 - 10.2.2.1. Main Event - Knockout Stage
 - All Teams or Players are required to stream their live video feed to referees and the EMEA Masters Broadcast team.
 - These video feeds will be used for broadcasting purposes and competitive integrity.
 - For an in-depth setup guide and quality check, please refer to the EMEA Masters Competition Guide.
- 10.2.3. EM Officials will evaluate and approve all live video feeds.

10.3. Clothing & Apparel

EM Officials will inform Players and Teams of their scheduled preparation time frame as part of their Match schedule. EM Officials may change the schedule at any time. Setup time is considered to have begun once Players enter the Match Area, at which point they are not allowed to leave without permission of the on-site EM Official or referee and accompanied by another EM Official or referee. 12. Chronobreak & Remakes

12.1. Chronobreak

- 12.1.1. Chronobreak. The Deterministic Disaster Recovery Tool.
- 12.1.2. Bug. An error, flaw, failure or fault that produces an incorrect or unexpected result, or causes a game or hardware device to behave in unintended ways.
- 12.1.3. Minor Bug. A bug (including a hardware failure) that is, at worst, inconvenient to Players. This may include bugs that alter game stats or gameplay mechanics in a manner that, while not optimal, can be played through if necessary. For the absence of doubt, in a case where Chronobreak is not available, these bugs would not result in a remade Game.
- 12.1.4. Play Through Bug. A bug that does not significantly alter the competitive integrity of the game. This may mean that there are mitigation steps available for an otherwise difficult to play around bug (like restarting the game client or computer). Alternatively, this may include situations where the impact of the bug can be mitigated through other in-game functions.

This category also includes bugs provided under the “inform designation” - i.e. those bugs that are provided to teams in advance of games (usually champion, item or environment interactions and persistent effects) for which no Chronobreak or remake will be offered. These effects or interactions cannot be avoided or mitigated through any means other than disabling of the offending champions, skins or items and thus remakes are not available for these bugs, which must be played through.
- 12.1.5. Unintentional Hardware Failure. The failure of any piece of hardware, including server failure, monitor or PC failure or player peripheral failure. This does not include any hardware failure that is player induced, including the intentional damage to, or destruction of, a player peripheral, damage to the monitor or a player interfering with a PC. The determination of whether a hardware failure is unintentional is up to the sole discretion of EM officials.
- 12.1.6. Critical Bug. A bug (including an Unintentional Hardware Failure) that significantly damages a player’s ability to compete in the game situation, significantly alters game stats or gameplay mechanics, or a situation in which the external environmental conditions become untenable. The determination of whether the bug has significantly damaged a player’s ability to compete is up to the sole discretion of EM officials.
- 12.1.7. Verifiable Bug. A bug or critical bug that is conclusively present and not attributable to player error. The spectator must be able to replay the instance in question and verify the bug or critical bug.
- 12.1.8. Terminal Situation. A bug or other circumstance that requires that a game be remade. These circumstances include (i) instances of critical bugs where

Chronobreak is unavailable or unable to recover the game; (ii) bugs which cannot be remedied or avoided through the use of Chronobreak, including champion or skin bugs that may require that such champion or skin be disabled; or (iii) any other instance in the discretion of EM officials where the continuation of the game is untenable (including environmental concerns and catastrophic hardware failure).

- 12.1.9. “Dead-Ball” State. A point in a game when neither team is heavily engaged with one another, although some minor engagement may still constitute a dead-ball state.

In establishing a dead-ball state, every effort should be made to identify a time as close to the bug instance as possible while providing an approximate 2 second window before a potential engagement in situations where the game was wound back from a point where the teams were engaged. The goal is to locate a point in time where an engagement remains possible, but not inevitable.

A perfect dead-ball state may not exist, and in those situations, the overarching goal of identifying a state in which there is no major engagement as close as possible to the bug instance should be prioritised (for example, going too far back could potentially remove setup a team has done, including wards, lane pressure and flanking).

- 12.1.10. Cost. Any (i) player deaths; (ii) objectives (tower, inhibitor, dragon, herald or baron) taken that were not otherwise in progress at the dead-ball state (i.e. dragon was pulled or three players on the tower with a minion wave and no opposition); or (iii) ultimate, item or Summoner spell usage where such ultimate spell at Rank 1 (regardless of the ultimate rank or cooldown at the time of the bug) or base Summoner spell or item (i.e. without cooldown reductions from runes or items) has a cooldown of 110 seconds or longer. An ultimate or Summoner spell used, in the opinion of EM Officials, outside of normal play patterns for the purpose of triggering a cost under this rule shall not constitute a cost. Other factors such as vision (placed or destroyed wards), minions farmed, etc, while all carrying some value in the game, do not rise to the level of consideration in whether to use Chronobreak.

- 12.1.11. Prompt Reporting. Once a player is aware of a bug (which, as defined, includes presumed hardware failures), the player is required to pause the game as soon as is practical through one of the methods listed below and alert EM Officials as to the bug. These methods are:

- Pausing the game through the /pause command
- Asking a teammate to pause over audible voice communications
- Requesting that a referee pause the game.

For the avoidance of doubt, if a player audibly requests that a referee pause the game, even if the game is not immediately paused, the player will be considered to have requested a pause as soon as is practical. In addition, it may not be practical to cause an immediate pause upon recognizing the bug if, for example,

the two teams are engaged with each other. In such cases, EM Officials may determine that it was not practical to pause the game until the engagement ended.

12.1.12. Game of Record. A game where all ten players have loaded and which has progressed to a point of meaningful interaction between opposing teams. Once a game attains Game of Record (“GOR”) status, the period ends in which incidental restarts may be permitted and a game will be considered as “official” from that point onward. Examples of conditions which establish GOR:

- Establishing line-of-sight between players on opposing teams.
- Any attack or ability is landed on minions, jungle creeps, structures, or enemy Champions.
- Setting foot, establishing vision or targeting skillshot ability in opponent’s jungle by either team, which includes either leaving the river or entering brush connected to enemy jungle.
- Game timer reaches two minutes (00:02:00).

12.2. Chronobreak Availability and Use

12.2.1. If a game experiences a bug at any point during the match, EM officials must first determine whether the player followed the pause protocol (see Prompt Reporting). If the game was timely paused, EM officials must next determine whether the bug is a verifiable bug. If it is a verifiable bug, ERL officials must next determine whether the bug is a minor bug, critical bug or terminal situation.

12.3. Minor Bug

12.3.1. If the bug is a minor bug and is not a Play Through Bug, EM officials must determine what the appropriate dead-ball state would be and whether there is a cost associated with the use of Chronobreak to revert to that dead-ball state. If there is a cost associated with the minor bug, Chronobreak is not available and players should be instructed to play through the bug.

12.3.2. In the case of a minor bug with no cost, EM officials must determine (i) whether Chronobreak can restore the game; and (ii) whether reverting the game to an earlier state will fix the bug or avoid the trigger condition for the bug. If Chronobreak cannot restore the game or reverting the game to an earlier state will not fix or avoid the bug, or in the case of any play through bug, Chronobreak shall not be used and the players will be instructed to play through the bug.

12.3.3. If EM officials determine to the use of Chronobreak is appropriate, EM officials shall determine whether either or both teams were significantly disadvantaged by the minor bug, and any significantly disadvantaged team will be offered the opportunity to Chronobreak the game, although such team will not be told what dead-ball state will be utilised. If both teams are significantly disadvantaged, either team requesting a Chronobreak will trigger the use of Chronobreak.

- 12.3.4. If any significantly disadvantaged team requests a Chronobreak, EM officials will utilise Chronobreak to restore the game to the appropriate dead-ball state. If an appropriate dead-ball state does not exist, players may still be placed back to a recovered spot prior to the bug occurring at the discretion of EM officials.

12.4. **Critical Bug**

- 12.4.1. In the case of a critical bug (where such critical bug is not a play through bug), EM officials must determine (i) whether Chronobreak can restore the game; and (ii) whether reverting the game to an earlier state will fix the bug or avoid the trigger condition for the bug.
- 12.4.2. If Chronobreak cannot restore the game, or reverting the game to an earlier state will not fix or avoid the bug, then the bug constitutes a Terminal Situation.
- 12.4.3. In the case of a critical bug, EM officials will determine whether either or both teams were significantly disadvantaged by the critical bug, and any significantly disadvantaged team will be offered the opportunity to Chronobreak the game, although such Team will not be told what dead-ball state will be utilized. If any significantly disadvantaged team requests a Chronobreak, EM officials will attempt to find an appropriate dead-ball state prior to the bug occurring. If an appropriate dead-ball state does not exist, players may still be placed back to a recovered spot prior to the bug occurring at the discretion of EM officials.

12.5. **Terminal Situation**

- 12.5.1. In the case of a Terminal Situation, EM officials shall follow the remake procedure (below).

12.6. **Remakes Before GOR**

- 12.6.1. The following are examples of situations in which a game may be remade if GOR has not been established:
- 12.6.2. If a player notices that a player's rune, Summoner Spell or GUI settings have not applied correctly due to a bug between the game lobby and match, the player can pause the game to adjust these settings. If the settings cannot be correctly adjusted, then the game may be restarted. The Game will not be restarted if the settings have not applied correctly for game elements that have no significant competitive effect (e.g. ward skins, emotes, etc.).
- 12.6.3. If EM officials determine that technical difficulties will not allow for the game to resume as normal (including a team's ability to be in proper position for certain game events, such as minion spawn).
- 12.6.4. Any circumstance which would permit a restart after GOR.

12.7. **Remakes After GOR**

- 12.7.1. The following are examples of situations in which a game may be restarted after GOR has been established.

- 12.7.2. If a game experiences a Terminal Situation at any point during the match.
- 12.7.3. If EM officials determine that there are environmental conditions which are unfair (e.g. excessive noise, hostile weather, unacceptable safety risks).

12.8. **Remake Procedure**

- 12.8.1. Terminal Situation. EM officials will determine whether either or both teams were significantly disadvantaged by the bug, and any significantly disadvantaged team will be offered the opportunity to remake the game. If any significantly disadvantaged team accepts a remake, the game will immediately be restarted as per this section. Significant disadvantage is a prerequisite to a remake offer.
- 12.8.2. Controlled Environment. Certain conditions may be preserved in the event of a remade game that has not reached GOR, including, without limitation, picks/bans, runes or Summoner spells. If, however, a match has reached GOR then EM officials shall not retain any settings.
- 12.8.3. Champion and Skin Disables. If the remake occurred due to a champion bug, then settings no longer will be retained (including picks and bans) regardless of Game of Record status and the champion may be made ineligible for at least the remainder of the day's matches unless the bug can be conclusively tied to a specific game element that can be fully removed (i.e. a skin that can be disabled). For clarity, settings may be retained in situations where Game of Record has not been established and the bug can be conclusively tied to a specific game element that can be fully removed.

12.9. **Hardware Malfunction**

12.9.1. Online:

- In the case of any hardware malfunctions, player/team affected by hardware malfunctions shall provide demonstrable evidence and EM officials shall determine whether the hardware malfunction constitutes a minor bug (i.e. a monitor loses connectivity and a player walks directly into an enemy turret), a critical bug (i.e. a keyboard stops working, causing a player death) or a terminal situation (i.e the game server crashes) and follow the appropriate standard above.

12.9.2. Offline:

- In the case of any hardware malfunctions, EM officials shall determine whether the hardware malfunction constitutes a minor bug (i.e. a monitor loses connectivity and a player walks directly into an enemy turret), a critical bug (i.e. a keyboard stops working, causing a player death) or a terminal situation (i.e the game server crashes) and follow the appropriate standard above.

12.10. **EM Discretion**

- 12.10.1. EM officials may utilise Chronobreak at any time or restart any game if EM officials, in their sole and absolute discretion, believe that such an action is

necessary to preserve the best interests of the ERL. This power is not constrained by the lack of any specific language in this document.

12.11. Awarded Game Victory

- 12.11.1. In the event of a technical difficulty which leads EM officials to declare a restart, EM officials may instead award a game victory to a Team. EM officials, at their sole discretion, may determine that a team cannot avoid defeat to a degree of reasonable certainty. The following criteria may be used (but are not required to be used) in the determination of reasonable certainty.
- 12.11.2. Game Time. If a game has been played for more than 15 minutes on the game clock (00:15:00).
- 12.11.3. Gold Differential. Of the total gold earned in the game, one Team has earned 57.5% or more of that gold. For example, if 10,000 gold has been earned in the game, the leading Team has earned at least 5,750 gold as a team.
- 12.11.4. Remaining Turret Differential. The difference in the number of remaining turrets between the teams is more than seven (7).
- 12.11.5. Remaining Inhibitor Differential. The difference in the number of standing inhibitors between the teams is more than two (2).
- 12.11.6. Remaining Nexus Turret Differential. The difference in the number of remaining nexus turrets between Teams is two (2).
- 12.11.7. Champion Differential. The difference in alive champions between Teams is at least four (4) with the remaining death timers on all dead champions being at least 40 seconds or higher.
- 12.11.8. Straight Up GG. At the time of technical difficulty there is no scenario that in the opinion of ERL Officials could result in anything other than the victory of one Team.

13. Code of Conduct

13.1. Code of Conduct

Each Team Entity shall comply with and ensure that all players, coaches, trainers, team managers, team owners, other team representatives, and any other esports professional registered with Riot (the foregoing collectively, “**Esports Professionals**”) of the Team Entity complies with the Riot Games Esports Global Code of Conduct. A Coach or Player may not solicit a Team to violate this rule. A Coach or Player may express publicly their desire to leave the Team and encourage any and all interested parties to contact their Manager. But the Coach or Player may not entice a Team directly to reach out to their Team Manager or attempt to violate their contractual obligations. Violations of this rule shall be subject to penalties, at the discretion of League Officials. To inquire about the status of a Coach or Player from another Team, Team Managers must contact a Team Manager of the Team that the Player and/or Coach is currently contracted with. The inquiring Team must provide visibility to League Officials before being able to discuss the contract with a Player.
