Note to existing members: This formulary has changed since last year. Please review this document to make sure that it still contains the drugs you take.

When this drug list (formulary) refers to "we," "us," or "our," it means HMSA. When it refers to "plan" or "our plan," it means HMSA Medicare Postal Prescription Drug Plan (PDP).

This document includes a list of the drugs (formulary) for our plan which is current as of 11/01/2026. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on Jan. 1, 2027, and throughout the year.

What is the HMSA Medicare Postal Prescription Drug Plan Formulary?

In this document, we use the terms Drug List and formulary to mean the same thing. A formulary is a list of covered drugs selected by HMSA Medicare Postal Prescription Drug Plan in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. HMSA Medicare Postal Prescription Drug Plan will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an HMSA Medicare Postal Prescription Drug Plan network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your *Evidence of Coverage*.

Can the Formulary change?

Most changes in drug coverage happen on Jan. 1, but we may add or remove drugs on the formulary during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes. Updates to the formulary are posted monthly to our website here: hmsa.com/employer/postal/health-plans-medicare/

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **Immediate substitutions of certain new versions of brand name drugs and original biological products.** We may immediately remove a drug from our formulary if we are replacing it with a certain new version of that drug that will appear on the same or lower cost-sharing tier and with the same or fewer restrictions. When we add a new version of a drug to our formulary, we may decide to keep the brand name drug or original biological product on our formulary, but immediately move it to a different cost-sharing tier or add new restrictions.

  We can make these immediate changes only if we are adding a new generic version of a brand name drug, or adding certain new biosimilar versions of an original biological product, that was already on the formulary (for example, adding an interchangeable biosimilar that can be substituted for an original biological product by a pharmacy without a new prescription). If you are currently taking the brand name drug or original biological product, we may not tell you in advance before we make an immediate change, but we will later provide you with information about the specific change(s) we have made.
  - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover for you the drug that is being changed. For more information see the section below titled "How do I request an exception to the HMSA Medicare Postal Prescription Drug Plan formulary?"
  - Some of these drug types may be new to you. For more information, see the section below titled "What are original biological products and how are they related to biosimilars?"
- **Drugs removed from the market.** If a drug is withdrawn from sale by the manufacturer or the Food and Drug Administration (FDA) determines to be withdrawn for safety or effectiveness reasons, we may immediately remove the drug from our formulary and later provide notice to members who take the drug.

- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand-name drug currently on the formulary, or add a new biosimilar to replace an original biological product currently on the formulary, or add new restrictions or move a drug we are keeping on the formulary to a higher cost-sharing tier or both after we add a corresponding drug. We may make changes based on new clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify affected members of the change at least 30 days before the change becomes effective. Alternatively, when a member requests a refill of the drug, they may receive a 60-day supply of the drug and notice of the change.
  - If we make these other changes, you or your prescriber can ask us to make an exception for you and continue to cover the drug you have been taking. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled "How do I request an exception to the HMSA Medicare Postal Prescription Drug Plan formulary?"

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2026 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2026 coverage year except as described above. This means these drugs will remain available at the same cost-sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on Jan. 1 of the next year, such changes would affect you, and it is important to check the formulary for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 11/01/2026. To get updated information about the drugs covered by HMSA Medicare Postal Prescription Drug Plan, please contact us. Our contact information appears on the front and back cover pages. We will inform members of any formulary changes to this comprehensive formulary through our website.

How do I use the formulary?

There are two ways to find your drug within the formulary:

Medical Condition
The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, "Cardiovascular." If you know what your drug is used for, look for the category name in the list that begins on page 1. Then look under the category name for your drug.

Alphabetical Listing
If you are not sure what category to look under, you should look for your drug in the Index that begins on page 113. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

HMSA Medicare Postal Prescription Drug Plan covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs work just as well as and usually cost less than brand name drugs. There are generic drug substitutes available for many brand name drugs. Generic drugs usually can be substituted for the brand name drug at the pharmacy without needing a new prescription, depending on state laws.

What are original biological products and how are they related to biosimilars?

On the formulary, when we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have alternatives that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilar alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For discussion of drug types, please see the *Evidence of Coverage*, Chapter 5, "The 'Drug List' tells which Part D drugs are covered."

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

- **Prior Authorization:** HMSA Medicare Postal Prescription Drug Plan requires you or your prescriber to get prior authorization for certain drugs. This means that you will need to get approval from HMSA Medicare Postal Prescription Drug Plan before you fill your prescriptions. If you don't get approval, HMSA Medicare Postal Prescription Drug Plan may not cover the drug.
- **Quantity Limits:** For certain drugs, HMSA Medicare Postal Prescription Drug Plan limits the amount of the drug that HMSA Medicare Postal Prescription Drug Plan will cover. For example, HMSA Medicare Postal Prescription Drug Plan provides 30 tablets per prescription for simvastatin 80 mg. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, HMSA Medicare Postal Prescription Drug Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, HMSA Medicare Postal Prescription Drug Plan may not cover Drug B unless you try Drug A first. If Drug A does not work for you, HMSA Medicare Postal Prescription Drug Plan will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1. You can also get more information about the restrictions applied to specific covered drugs by visiting our website. We have posted online documents that explain our prior authorization and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask HMSA Medicare Postal Prescription Drug Plan to make an exception to these restrictions or limits or for a list of other similar drugs that may treat your health condition. See the section, "How do I request an exception to the HMSA Medicare Postal Prescription Drug Plan Formulary?" on this page for information about how to request an exception.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan.

What if my drug is not on the formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact our Customer Relations department and ask if your drug is covered. If you learn that HMSA Medicare Postal Prescription Drug Plan does not cover your drug, you have two options:

- You can ask Customer Relations for a list of similar drugs that are covered by HMSA Medicare Postal Prescription Drug Plan. When you receive the list, show it to your doctor and ask them to prescribe a similar drug that is covered

by HMSA Medicare Postal Prescription Drug Plan.

- You can ask HMSA Medicare Postal Prescription Drug Plan to make an exception and cover your drug. See below for information about how to request an exception.

How do I request an exception to the HMSA Medicare Postal Prescription Drug Plan Formulary?

You can ask HMSA Medicare Postal Prescription Drug Plan to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a predetermined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.
- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, HMSA Medicare Postal Prescription Drug Plan limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, HMSA Medicare Postal Prescription Drug Plan will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug, or applying the restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You or your prescriber should contact us to ask us for a formulary exception, including an exception to a coverage restriction. **When you request an exception, your prescriber will need to explain the medical reasons why you need the exception.**

Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can ask for an expedited (fast) decision if you believe, and we agree, that your health could be seriously harmed by waiting up to 72 hours for a decision. If we agree, or if your prescriber asks for a fast decision, we must give you a decision no later than 24 hours after we get your prescriber's supporting statement.

What can I do if my drug is not on the formulary or has a restriction?

As a new or continuing member in our plan, you may be taking drugs that are not on our formulary. Or, you may be taking a drug that is on our formulary but has a coverage restriction, such as prior authorization. You should talk to your prescriber about requesting a coverage decision to show that you meet the criteria for approval, switching to an alternative drug that we cover, or requesting a formulary exception so that we will cover the drug you take. While you and your doctor determine the right course of action for you, we may cover your drug in certain cases during the first 90 days you are a member of our plan.

For each of your drugs that is not on our formulary or has a coverage restriction, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30- day supply of medication. If coverage is not approved, after your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90 days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Transition policy

New members in our plan may be taking drugs that aren't on our formulary or that are subject to certain restrictions, such as prior authorization. Current members may also be affected by changes in our formulary from one year to the next. Members should talk to their doctors to decide if they should switch to a different drug that we cover or request a formulary exception in order to get coverage for the drug. See the

section, "How do I request an exception to HMSA Medicare Postal Prescription Drug Plan Formulary?" to learn more about how to request an exception.

Please contact Customer Relations if your drug is not on our formulary, is subject to certain restrictions such as prior authorization, and you need to switch to a different drug that we cover or request a formulary exception. During the period of time members are talking to their doctors to determine a course of action, we may provide a temporary supply of a nonformulary drug if those members need a refill for the drug during the first 90 days of new membership in our plan. If you are a current member affected by a formulary change from one year to the next, we will provide you with the opportunity to request a formulary exception in advance for the following year.

When a member goes to a network pharmacy and we provide a temporary supply of a drug that isn't on our formulary or that has coverage restrictions or limits (but is otherwise considered a Part D drug), we will cover a 30-day supply (unless the prescription is written for fewer days). After we cover the temporary 30-day supply, we generally will not pay for these drugs as part of our transition policy again. We will provide you with a written notice after we cover your temporary supply. This notice will explain the steps you can take to request an exception and how to work with your doctor to decide if you should switch to an appropriate drug that we cover.

If a new member is a resident of a long-term care facility (like a nursing home), we will also cover a temporary 31-day transition supply (unless the prescription is written for fewer days). If necessary, we will cover more than one refill of these drugs during the first 90 days a new member is enrolled in our plan. If the resident has been enrolled in our plan for more than 90 days and needs a drug that isn't on our formulary or is subject to other restrictions, such as dosage limits, we will cover a temporary 31-day emergency supply of that drug (unless the prescription is for fewer days) while the new member pursues a formulary exception.

Current members are also eligible to receive a transition fill under certain conditions. If a current member enters a long-term care (LTC) facility or is in an LTC facility and requires an emergency supply of nonformulary drugs, we will cover a temporary 31-day transition supply (unless the prescription is written for fewer days). We will cover more than one refill of these drugs for these members for the first 90 days.

A member may experience a change in their level of care at an inpatient hospital facility or skilled nursing facility that results in noncoverage of drugs previously covered by Medicare Part D. For current members experiencing a level of care change, we will also cover a temporary 31-day transition supply as outlined above.

Please note that our transition policy applies only to those drugs that are Part D drugs and bought at a network pharmacy. The transition policy can't be used to buy a non-Part D drug or a drug out-of-network, unless you qualify for out-of-network access.

HMSA Medicare Postal Prescription Drug Plan formulary

This formulary includes all qualified Medicare prescription drugs that are covered by HMSA Medicare Postal Prescription Drug Plan High Option (PDP) and HMSA Medicare Postal Prescription Drug Plan Standard Option (PDP) plans.

Your plan also includes enhanced drug coverage of generics and non-preferred brands in the following drug categories:

- Drugs when used for the relief of cough or cold symptoms.
- Prescription vitamins.

If you have questions regarding whether or not your prescription is covered, please call our Customer Relations department.

The formulary that begins on page 1 provides coverage information about the drugs covered by HMSA Medicare Postal Prescription Drug Plan High Option (PDP) and HMSA Medicare Postal Prescription Drug Plan Standard Option (PDP) plans. If you have trouble finding your drug in the list, turn to the Index that begins on page 113.

The first column of the chart lists the drug name. Brand name drugs are capitalized and generic drugs are listed in lower-case italics.

The information in the requirements/limits column tells you if HMSA Medicare Postal Prescription Drug Plan has any special requirements for coverage of your drug.

Drug tier index:

Tier 1 – Preferred Generic

Tier 2 – Generic

Tier 3 – Preferred Brand

Tier 4 – Nonpreferred Drug

Tier 5 – Specialty Tier

Please refer to the *Summary of Benefits* or *Evidence of Coverage* for the specific copayment or coinsurance amount associated with each tier. Our plan covers most Part D vaccines at no cost to you. You won't pay more than $35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

Abbreviations used in this Formulary

HMSA Medicare Postal Prescription Drug Plan (PDP)
Enhanced Formulary

This formulary was updated on 10/01/2026.

Introduction

The 2026 HMSA Medicare Postal Prescription Drug Plan Enhanced Formulary is a managed formulary that provides supplemental drug coverage to the above Medicare formulary. Drugs listed on this formulary are considered covered benefits. Consistent with the principles of this formulary, the HMSA Pharmacy & Therapeutics (P&T) Committee reviews new drugs to assess their safety and effectiveness before they're added to the formulary. The HMSA P&T Committee is comprised of practicing physicians and pharmacists from the community.

In addition to new drugs, the HMSA P&T Committee and HMSA staff continually review the formulary. The formulary approval process helps to ensure that clinical evidence and medical value are considered before cost. If drugs in a treatment class are clinically comparable, the committee will assess cost effectiveness and choose agents with the best value.

The document is organized in sections that are divided into therapeutic drug classes primarily defined by mechanism of action.

Therapeutic drug class description does not indicate coverage. Please refer to your plan benefit.

Tier level and coverage criteria (if applicable) are noted next to each drug.

Tier Definition

Tier 0 – Zero ($0) copayment
Tier 1 – Preferred generic drugs
Tier 2 – Preferred drugs and non-preferred generic drugs
Tier 3 – Other brand drugs
Tier 4 – Preferred specialty drugs
Tier 5* – Non-preferred specialty drugs
DS – Diabetic supplies

*If applicable to your plan benefits

Exception request

Drugs listed on this formulary are considered covered benefits. Certain medications on the list are covered if utilization management criteria are met (i.e., Step Therapy, Prior Authorization, Quantity Limits, etc.); requests for use of such medications outside of their listed criteria will be reviewed for medical necessity. If a medication is not listed on the document, a formulary exception may be requested for coverage. Medical necessity or formulary exception requests will be reviewed based on drug-specific prior authorization criteria or standard non-formulary prescription request criteria. To request a prior authorization or an exception, Providers please call or fax CVS Caremark®, HMSA's Pharmacy Benefit Manager.

Call: 1 (833) 266-8150
Fax: 1 (855) 633-7673

This drug list is subject to change and drugs may be added or removed without notice. Please contact HMSA to confirm your drug plan coverage.

This list is effective 01/01/2026.

Drug coverage information

The status of a drug on this list is current as of the date of this publication. The list serves as a guide to product selection for HMSA providers and members. The list is subject to change. Participating pharmacies have the most up-to-date formulary information at the time prescriptions are filled. New drugs, strengths, forms, and/or therapeutic categories will be reflected in the formulary, as applicable, following the completion of HMSA's review process.

Not all generic drugs may be listed.

Coverage of a drug will depend on your drug plan.

HMSA's mission is to provide the people of Hawaii access to a sustainable, quality health care system that improves the overall health and well-being of our state.

Check hmsa.com/contact for our holiday schedule and COVID-19 safety guidelines.

Discrimination is against the law

HMSA complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex (consistent with the scope of sex discrimination described at 45 CFR § 92.101(a)(2)). HMSA does not exclude people or treat them less favorably because of race, color, national origin, age, disability, or sex.

Services HMSA provides

HMSA offers the following services to support people with disabilities and those whose primary language is not English. There is no cost to you.

- Qualified sign language interpreters are available for people who are deaf or hard of hearing.
- Large print, audio, braille, or other electronic formats of written information is available for people who are blind or have low vision.
- Language assistance services are available for those who have trouble with speaking or reading in English. This includes:
  - Qualified interpreters.
  - Information written in other languages.

If you need modifications, appropriate auxiliary aids and services, or language assistance services, please call 1 (800) 776-4672. TTY users, call 711.

How to file a grievance or complaint

If you believe HMSA has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

- Phone: 1 (800) 462-2085
- TTY: 711
- Email: appeals@hmsa.com
- Fax: (808) 952-7546
- Mail: HMSA Member Advocacy and Appeals
  P.O. Box 1958
  Honolulu, HI 96805-1958

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone:
