

Supporting MOMs With Substance Use Disorder

Our specialized GREAT MOMs program with Maternal Fetal Medicine offers pregnant women comprehensive and compassionate care for substance use disorder through outpatient treatment and prenatal care. In the postpartum period, patients are connected with a community provider to continue medication for addiction treatment.

Our Purpose

Addiction is a chronic disease that can be managed and treated successfully. Our program inspires wellness, hope and recovery by:

- Providing MAT during pregnancy
- Minimizing fetal exposure to substances of misuse like alcohol, methamphetamine and heroin
- Creating support systems to assist with any barriers to care
- Engaging the mother as a leader in her treatment

Our Services

- MAT with an addiction specialist
- Total prenatal care
- Consultations and fetal surveillance with Maternal Fetal Medicine specialists
- Behavioral health counseling and support

Patient Eligibility

- Confirmed pregnancy
- Diagnosis of Substance Use Disorder
- Not currently on methadone for MAT
- Commitment and engagement to the program
- Willing to receive OB care and MAT through the program, not with other providers
