

## **PGY2 Pediatric Pharmacy Residency**

Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital

### **Purpose**

The purpose of the Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital Postgraduate Year Two (PGY2) Pediatric Pharmacy Residency is to build upon Doctor of Pharmacy (PharmD) education and PGY1 pharmacy residency training to develop pharmacist practitioners with knowledge, skills, and abilities as defined in the educational competency areas, goals, and objectives for advanced practice areas. Residents who successfully complete PGY2 residency programs are prepared for advanced patient care or other specialized positions, and board certification in the advanced practice area, if available.

### **Program Description**

Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital offers expert care from more than 300 pediatric providers, in more than 50 services and programs that focus on children's health. U.S News & World report has consistently recognized Helen DeVos Children's Hospital as a top pediatric hospital in addition to multiple pediatric specialties. Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital is designated a Level One Trauma Center as well as a Level One Children's Surgery Center by the American College of Surgeons and received Magnet Recognition® for nursing excellence. The Gerber Foundation Neonatal Center is a Level IV neonatal intensive care unit. It is the largest neonatal unit in the state of Michigan and is one of the nation's top 10 largest contiguous neonatal centers.

The Department of Pharmacy at Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital is dynamic with over 50 team members focusing on pharmaceutical care. The hospital has over 250 licensed beds and an average daily census of 200 pediatric patients. Pediatric pharmacy services are provided in a multidisciplinary decentralized model. Clinical pharmacy generalists and clinical pharmacy specialists, with the support of excellent technician staff, are integrated into a variety of patient care areas.

Statement on Diversity: At Corewell Health, we pledge to take on the challenge to eliminate racism and its impacts on health, hope, and lives, both within our organization and in the communities we serve.

### **Program Highlights**

The Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital PGY2 Pediatric Pharmacy Residency offers a variety of required and elective rotations with flexibility of scheduling to align with resident interest areas, including precepting and teaching. Preceptors are integrated into their specialized practice areas they precept and provide direct modeling and mentoring for patient care experiences or non-patient care opportunities, like projects and education. Through the Pediatric Residency Advisory Committee, that meets monthly, the resident progress is tracked, evaluated and the resident is in communication regularly regarding residency requirements. Residents select an advisor or mentor who serves as an additional support member during the residency year to ensure residency or non-residency goals are met or to help address barriers or concerns regarding items that arise.

---

Corewell Health Grand Rapids Hospitals – Helen DeVos Children's Hospital is within walking distance of Ferris State University (FSU) College of Pharmacy (COP) – Grand Rapids Campus. The Corewell Health – Helen DeVos Children's Hospital PGY2 Pediatric Pharmacy Residency has an affiliation with the FSU COP with opportunities for the resident to achieve adjuvant faculty status and teach, mentor and precept pharmacy students. In addition, if not obtained in a previous Postgraduate Year One (PGY1) Pharmacy Residency, the resident will have the ability to complete a Pharmacy Education Development and Lecture Series Teaching Certificate Program through Ferris State University.

## Requirements

### ▪ Requirements to Achieve Successful Completion of Residency:

Graduates from an ASHP-Accredited PGY1 Pharmacy Residency prior to start date (verified by certificate of completion or Pharmacademic inquiry)
Licensure as a pharmacist in the State of Michigan within 90 days of start date

If not obtained in Postgraduate Year One (PGY1) Pharmacy Residency, completion of Pharmacy Education Development and Lecture Series Teaching Certificate Program through Ferris State University or equivalent teaching certificate
Completion and submission of PharmAcademic evaluations and Electronic Archive reviewed by Resident Program Director by the end of residency

## Learning Experiences

The first month of the residency program consists of orientation to the residency program, pharmacy department, health system, and training in the service commitment area.

### **Required rotations (one month in length) include:**

- Orientation (July)
- General Pediatrics I
- Pediatric Critical Care I & II (advanced)\*
- Neonatal Intensive Care I & II (advanced)\*
- Pediatric Management
- Pediatric Hematology/Oncology
- Pediatric Infectious Diseases

### **Required longitudinal experiences include:**

- Service Commitment
- Pediatric Cystic Fibrosis Clinic (Ambulatory)
- Pediatric Quality and Safety Commitment
- Pediatric Research
- Pediatric Academia

### **Elective rotations (one month in length) include:**

- General Pediatrics II (advanced)\*
- Pediatric Emergency Medicine
- Pediatric Neurology
- Pediatric Blood and Marrow Transplant
- Pediatric Hematology/Oncology II (advanced)\*
- Pediatric Solid Organ Transplant

\*General Pediatrics, Pediatric Critical Care, Neonatal Intensive Care, and Pediatric Hematology/Oncology can be/are repeated through learning experiences denoted as 'II (advanced)'. No other rotations can be repeated throughout the year.

## Service Commitment Experience

The resident's service commitment consists of staffing every other weekend (two eight-hour shifts) with one project day surrounding the worked weekend until competent (September). After identified competent, the resident will transition to staffing every third weekend and one eight-hour weeknight shift every third week through the remainder of the year. Expectations for independent practice will be determined on an individual basis.

Additionally, there is a requirement of staffing two holidays (Thanksgiving and New Year's Day OR Christmas and Memorial Day) as well as a total of 7 staffing shifts in the month of December (including weekend requirements).

The location of the service commitment depends on the resident's experience, interests and the staffing needs of the department. Options for staffing include the pediatric satellite which services our acute care units, and the emergency department.

---

## Stipend and Benefits

Pharmacy residents receive a competitive compensation package which includes an annual salary, health benefits, and paid time off.

- **Stipend/salary:** The annual residency stipend is \$54,000
- **Benefits:** Residents are eligible for medical, dental, vision, and life insurance.
- **Paid Time Off (PTO):** PTO days include vacation, sick, and personal days. There are seven recognized paid holidays: Independence Day, Labor Day, Thanksgiving, Christmas, New Year's Day, Martin Luther King Jr. Day and Memorial Day. PTO utilization and regulation will follow Corewell Health's 'Paid Time Off' Policy and procedure.
- **Travel expenses:** Approved travel to conferences is at the discretion of the organization. Previously attended conferences included ASHP Midyear Clinical Meeting and PPA Annual Spring Conference. If applicable, paid travel expenses (hotel, registration, transportation) will be approved up to a maximum of \$3,000
- **Office & Resources:** The resident will have an identified office space. The resident is supplied with individual computer workstation, telephones, office supplies, Voalte phone, photocopying privileges and business cards.
